The 3-Hour Diet (TM) Jorge Cruise 2005-03-28
Following the amazing success of his New York Times bestseller 8 Minutes in the Morning, America's #1 online weight loss specialist Jorge Cruise is back with a revolutionary diet book that keeps with his trademark hassle-free, time-friendly approach. It's a fact: the low-carb craze is everywhere. Although low-carb diets produce short term weight loss, the results are not sustainable. Dieticians, fitness experts, and medical publications are slowly awakening to the fact that the low-carb diet isn't the answer to weight loss nor a solution to the obesity epidemic. Jorge Cruise's *The 3-Hour Diet* reveals that timing is the revolutionary weight loss element that has been kept secret until now. By eating small, balanced meals every three hours you reset your body's metabolism and achieve amazing results. Eating every three hours turns off your "starvation protection mechanism" ensuring that fat is released and fat-burning muscle preserved. So get ready to lose 2 pounds each week! All with no calorie counting, no starvation, and no deprivation. Bottom line, timing will sculpt your body slim. With his now trademark easy-to-follow instructions, accessibility, and client success stories, Jorge Cruise's *The 3-Hour Diet* is a fluid combination of proven success and categorical innovation.

Weight loss has never been easier! o For overweight people disillusioned with the low-carb craze and other fad diets that don't work or are even unhealthy. Also aimed at people with busy schedules looking to lose weight quickly and effectively, utilizing a dietary approach instead of committing to a workout regimen. o 8 Minutes in the Morning has sold 1.8K through BookScan. o The dark side of low-carb diets is only just beginning to rear its ugly head, and this book has the potential to be at the forefront of the low-carb backlash. In this book readers will find: o Why low-carb and other fad diets make you fat, and why timing is the key to sustained weight loss. o The Cruise Down Plate approach to eating that supports lean muscle development by eating your favourite foods (including candy and carbs) with no banned items and no calorie-counting. Includes frozen foods and fast food options! o How to prevent emotional eating. o A 28-Day Planner designed to promote organization and accountability for the dieter. o An all-new meal and recipe guide, that is both delicious and healthy.

The Dubrow Diet - Heather Dubrow
2018-10-16

When you've tried practically every diet and have struggled for years to reach and maintain a healthy weight, what do you do next? If you're Heather and Terry Dubrow, MD, you create your own diet based on cutting-edge and Nobel-prize winning science that promises not just unprecedented metabolic control, but also an internal cellular rejuvenation with powerful antiaging effects. Then, after creating a diet that can transform your life from the inside out, you want to help as many people as possible look and feel their best, so you write a book about it! In The Dubrow Diet, Orange County's favorite reality TV couple share the diet and exercise plan they created to end their own decades-long yo-yo dieting and flip on what they call the "ageless switch." The central concept is called interval eating, a practice based on research showing that when you eat is perhaps the most important factor in weight loss and weight control. With interval eating, the Dubrows will introduce you to a simple eating schedule that can help you: ● reprogram your cells to go after stored fat for fuel. ● lower insulin and normalize blood sugar. ● fight off chronic inflammation linked to almost every major disease. ● activate a process known as autophagy, your cells' self-cleaning process and an antiaging game changer. ● increase your energy. ● finally reach your goal weight. ● rejuvenate your skin and overall appearance. So, what are you waiting for? You have more power than you realize over the hormones that regulate your weight and the molecular factors that determine how you age. It's time to take advantage of this power with a diet that is not only doable but also sustainable and even fun! The Dubrows wouldn't have it any other way.

The Happy Body - Aniela & Jerzy Gregorek 2015-07-15

Becoming lean and fit is not a matter of training for a few weeks, like Rocky, to become a world champion. That only happens in Hollywood movies that portray professional athletes exercising for hours every day until they are exhausted. Real athletes never do that. They train only to the point that they can recover for the next day's training. Their progress comes in small increments, not heroic triumphs.

Unfortunately, movies have persuaded people that they can become lean and fit virtually overnight. Even the weight loss and fitness industry bought into this distortion and began pushing people to become like Rocky. When that approach failed, because people were injuring

themselves or burning out or jumping from one program to another, trainers began to entertain their clients instead of finding solutions to their problems. If you want to become truly lean and fit, you must work at it like an athlete, following a structured routine and that is easier and more pleasant than you may expect. The principles that work for athletes also work for ordinary people of all ages. Athletes, of course, have coaches. The Happy Body program, on the other hand, will teach you everything you need to know to be your own coach. This innovative program establishes, for the first time, exact scientific and testable methods and goals to engineer your own weight loss and fitness within precise time periods. That empowers you to self-correct your progress at every step. The Happy Body is a total health program, not just an exercise or diet plan. It will teach you to safely lose 1.0 to 2.5 pounds every week, and keep them off, without getting stuck at plateaus. You will have full control over the process, right down to the ounce. In addition to teaching you how to lose weight, the program will also help you to restore the flexibility and posture you had as a young child, and to be leaner, stronger, and faster than you have ever been. In essence, The Happy Body program will not only make you as youthful as you were at twenty, but twenty as you would have been if you had followed the program at that age.

The Badass Body Diet - Christmas Abbott
2015-05-12

CrossFit celebrity Christmas Abbott shows how to attain the body of your dreams with a targeted eating strategy and total-body workout plan that will whip glutes and hips—and every problem area—into top shape. As a formerly “skinny fat” woman, Christmas Abbott knows what real women need to get the butt and body of their dreams. In The Badass Body Diet, she dispels the myth of the health benefits of a “pear shape” body, teaches readers how to spot-reduce excess fat with targeted meal plans and recipes

that zap cellulite, and galvanizes them with a quick and simple workout plan for a toned butt—the key to total body fitness. Your “glutes” (the technical term for booty) are the body’s largest and most powerful muscle group—and one of the most beautiful—but they can go dormant, flat, and flabby. Packed with essential information, and inspirational before-and-after photos of her clients, The Badass Body Diet shows how to whip that butt into shape and provides essential information on how to: Select essential “booty foods”—the right proteins, fats, and carbs Experience a total body workout with an easy-to-follow, powerful exercise program Improve posture and functional mobility and enhance overall health Target cellulite through diet, workout strategies, and other proven tips And much more. Unlike most “one approach fits all” diet and exercise books, The Badass Body Diet identifies the three types of dieters that Christmas has discovered working with hundreds of clients at her CrossFit gyms—Modifiers, Gainers, and Maintainers—and tailors her approach to each, providing specific goals for maximum results. Stop obsessing about a flat belly, Christmas advises. A Badass Body is a birthright, and it starts at the bottom—with a trim and tight tush.
