Black & Decker The Complete Guide to Treehouses, 2nd ed Philip Schmidt 2012-05-01

This expanded edition of The Complete Guide: Build Your Kids a Treehouse covers every aspect of treehouse building, from choosing a tree and safety considerations to adding interior furniture and even a zip line. Now featuring two all-new treehouse plans with step-by-step photo-illustrated instruction. For kids, a treehouse is a room that never has to be cleaned, a place for muddy shoes and bug jars and adventures real and imagined; a house that you can paint whenever and however you want, without gaining approval. For adults, it's a room that never has to be cleaned, a place for muddy shoes and...well, you get the idea. But best of all a treehouse is up in a tree. And that's just cool. Filled with inspiring photos of finished treehouses and easy-to-follow instructions for building your own, learn with your family treehouse basics—choosing a tree, planning and design, treehouse safety—followed by building techniques for: Platforms designed for various tree configurations Framing and finishing walls and railings Finishing interiors with paneling, shelves, and flip-down tables and bunks Doors, both classic and in fun shapes Windows, including shutters and pop-ups Building and framing roofs Modes of access, including ladders, stairs, trap doors, and a fireman's pole Playthings, including swings, a zip line, a rock climbing wall, slides, and more You can get started right away by following the complete plans and step-by-step photos for making your choice of two popular treehouse designs: an open-air treehouse and a gable house with entry deck. To give you even more to choose from, you will find fully developed plans for six additional treehouse types that you can adapt to your particular trees and wishes. Build the treehouse you and your kids have always dreamed of with BLACK+DECKER The Complete Guide to Treehouses, 2nd edition.

Theodore Gray's Completely Mad Science - Theodore Gray 2016-09-13

The ultimate Theodore Gray collection, Theodore Gray's Completely Mad Science collects every one of Gray's dramatic, visually spectacular, and enlightening scientific experiments into one complete volume.

Bestselling author Theodore Gray has spent more than a decade dreaming up, executing, photographing, and writing about extreme scientific experiments, which he then published between 2009 and 2014 in his monthly Popular Science column "Gray Matter." Previously published in book form by Black Dog in two separate volumes (Mad Science and Mad Science 2), these experiments, plus an additional 5, are available now in one complete book. Completely Mad Science is 432 pages of dazzling chemical demonstrations, illustrated in spectacular full-color photographs. Experiments include: Casting a model fish out of mercury (demonstrating how this element behaves very differently depending upon temperature); the famous Flaming Bacon Lance that can cut through steel (demonstrating the amount of energy contained in fatty foods like bacon); creating nylon thread out of pure liquid by combining molecules of hexamethylenediamine and sebacyl chloride; making homemade ice cream using a fire extinguisher and a pillow case; powering your iPhone using 150 pennies and an apple, and many, many more. Theodore Gray is the author of The Elements: A Visual Exploration of Every Known Atom in the Universe; Molecules: The Elements and the Architecture of Everything; Theo Gray's Mad Science: Experiments You Can Do at Home, But Probably Shouldn't; and Mad Science 2: Experiments You Can Do at Home, but Still Probably Shouldn't. He lives in Urbana, Illinois.

Black & Decker Codes for Homeowners - Bruce Barker 2012-11-01

DIVA graphic, highly user-friendly guide to national codes for residential construction. Codes for Homeowners uses clear photographs to show exactly how the parts of your house are supposed to look once the work is done. Written by International Residential Codes-certified home inspector Bruce Barker, this second edition of Codes for Homeowners is current with most national codes in force for the period of 2012 through 2014. Based on his decades of experience, Inspector Bruce has winnowed down the massive heap of codes in force to only those that a single-family homeowner is likely to encounter. Building codes, electrical codes, plumbing codes and mechanical (HVAC) codes are shown and described in everyday language. The 2nd edition includes all of the great

information in the first version but is updated to reflect any changes in the codes in force, including the National Electrical Code, the Universal Plumbing Code and the International Residential Code./div
