How Far She Went - Mary Hood 2011-03-15

Mary Hood's fictional world is a world where fear, anger, longing—sometimes worse—lie just below the surface of a pleasant summer afternoon or a Sunday church service. In "A Country Girl," for example, she creates an idyllic valley where a barefoot girl sings melodies "low and private as a lullaby" and where "you could pick up one of the little early apples from the ground and eat it right then without worrying about pesticide." But something changes this summer afternoon with the arrival at a family reunion of fair and fiery Johnny Calhoun: "everybody's kind and nobody's kin," forty in a year or so, "and wild in the way that made him worth the trouble he caused." The title story in the collection begins with a visit to clean the

graves in a country cemetery and ends with the terrifying pursuit of a young girl and her grandmother by two bikers, one of whom "had the invading sort of eyes the woman had spent her lifetime bolting doors against." In the story "Inexorable Process" we see the relentless desperation of Angelina, "who hated many things, but Sundays most of all," and in "Solomon's Seal" the ancient anger of the mountain woman who has crowded her husband out of her life and her heart, until the plants she has tended in her rage fill the half-acre. "The madder she got, the greener everything grew."

In these pages, McCall chronicles his passage from the street to the prison yard—and, later, to the newsrooms of The Washington Post and ultimately to the faculty of Emory University. His story is at once devastating and inspiring, at once an indictment and an elegy. **Makes Me Wanna Holler** became an instant classic when it was first published in 1994 and it continues to bear witness to the great troubles—and the great hopes—of our nation. 2019-05-13

The author is quoted as saying, "I wanted to write a book that was a celebration of black women, as too many books aren't. This is a problem not only in literature but the world at

That's what this book is."DESCRIPTIONQueen Jackson, an intelligent and strong willed black woman from a rough and destructive background, fights to build a school housing the best and brightest sistas from around the country. the opposite direction?" "Will the school ever get built in the first place?" "Is true freedom within our grasp?" These questions and more are answered in *Black Queens Matter*, a thought provoking look into one sistas quest for life, liberty, and the pursuit of happiness.

Harlem Girl Lost Treasure E. Blue 2008-12-24
"A true urban novel filled with vivid images of the street." -Black Issues Book Review
Treasure E. Blue, street lit's hottest newcomer, crafts characters that fly off the page and a story that burns with intensity. Set in Harlem, this searing novel is a poignant and gritty portrait of urban survival of the ghetto's fittest . . . and most fierce. Silver Jones knows just how cruel life can be. Her mother was chewed up and spit out by its dark side—brutally murdered while turning a trick. Rather than live with her abusive grandmother, Silver runs away. Determined to escape the mean streets, Silver longs for an education. But after running into an old friend, a homeless youth named Chance whom she'd

taken under her wing once upon a time, Silver puts her dreams of college on hold. Chance is grown now—and he’s a powerful drug overlord. But underneath the cool exterior is the same innocent boy Silver once loved. As they begin an affair, Silver tries to convince Chance to give up the lethal way of life that ruined both their childhoods. But Chance knows that walking away from the game means having to pay a deadly price. Silver won’t take no for an answer—even if it means delving into a seedy underworld and outcheming some of its most vicious drug-dealers and cold-blooded murderers. “Even in Blue’s world of double-crossing, misogyny, drugs and brutality, an against-all-odds fairy tale can come true.”

Black Royalty (fear of a Black Planet) (revised) - Vincent MORRIS 2018-02-28

The year is 2118. Due to a decrease in racism ninety five percent of the population is black or brown. The remaining five percent of whites fight to keep the bloodline pure, referring to race mixing as genetic suicide, especially for Caucasians. Ahmad Carter is a self made media and real estate billionaire, and current president of the United States. Ahmad looks to pass down his legacy to one of three wayward and disobedient sons. His oldest son Amir is a black revolutionary who doesn't agree with the platform his father ran on called one race/one color, which preaches we will all be at peace if we unify genetically into one family who are essentially the same color. Ahmad feels that Amir's vision is close minded and will block

progress. Amir feels his father is a sell out. Amir's second oldest son Booker T. Marshall has nine children and six baby mama's, preferring to live life hyper sexual and free, rather than be chained to a holier than thou existence. Ahmad feels Booker T. is lazy and irresponsible. Booker T. feels his father is uptight, too serious, and needs to have fun, because he's an atheist that not only doesn't believe in God, but that there is no meaning to life. Ahmad's youngest son Samuel loves to live on the edge: everything from wild parties, to drunken benders, and social media tirades. Ahmad feels his youngest son Samuel refuses to grow up. Samuel feels his father needs to get in touch with his inner child. All the while there is tension going on with black militants who disagree with one race/one color, the five percent of whites who struggle to keep the bloodline pure, and a new America that's almost a hundred percent black, yet still not a hundred percent free. How has America changed with a

90% black congress? What will Ahmad do about his empire with such disobedient and immature sons? What is pro black when the planet is almost a hundred percent black or brown? How do the remaining white people live? What would happen if they no longer existed? These questions and more are answered in *Black Royalty*, a look into the conflict of family and black unity a hundred years in the future. The author is quoted as saying, "I feel like I have something special with this one. I think you will feel the same way."

[The Dopefiend](#): - JaQuavis Coleman 2012-08-15
Part 2 of the *Dopeman's Trilogy*, JaQuavis Coleman chillingly chronicles the life and crimes of Harlem resident Hazel Brown, as she rises to the highest highs and spirals into an inevitable, devastating downfall. Hazel has nothing and no one in her life; the only thing she "owns" is an insatiable addiction to heroin. Her addiction brings her to the slums, where she quickly learns the tricks of surviving—of hustling and

getting her street smarts. She'll do anything to feed her habit, even if that means robbing and conning and selling her own body. Yet no matter how much heroin she does, the pain that's cut so deep within her never goes away in this story so intimate and compellingly written, you'll feel like

you're walking in her shoes.

Dopefiend - Donald Goines 2011

Terry and Teddy's relationship crumbles and they go in separate directions as they become heroin addicts and seek their dealer's favor in order to feed the addiction.
