Early Buddhist Narrative Art

- Patricia Eichenbaum Karetzky 2000

Early Buddhist Narrative Art is a pictorial journey through the transmission of the narrative

cycle based on the life of the historical Buddha. Karetzky, while demonstrating the various evolutions that the image of the Buddha underwent, maintains that there is an underlying homogeneity of the tradition in the cultures of India, Central Asia, China and Japan. The author, while focusing on the

visual representation of the Buddhist narrative, goes into some detail regarding the importance of scriptures in each society, and how the written tradition informed the pictorial. Over seventy photos fill this book, which will be of interest to scholars of art history, Eastern religion and Buddhism in particular.
