The Great Impersonation - E. Phillips
Oppenheim 2004-10

The trouble from which great events were to

come began when Everard Dominey, who had been fighting his way through the scrub for the last three quarters of an hour towards those thin, spiral wisps of smoke, urged his pony to a last despairing effort and came crashing through the great oleander shrub to pitch forward on his head in the little clearing. It developed the next morning, when he found himself for the first time for many months on the truckle bed, between linen sheets, with a cool, bamboo-twisted roof between him and the relentless sun. He raised himself a little in the bed. "Where the mischief am I?" he demanded. A black boy, seated cross-legged in the entrance of the banda, rose to his feet, mumbled something and disappeared. In a few moments the tall, slim figure of a European, in spotless white riding clothes, stooped down and came over to Dominey's side.

Tumbleweeds Burning - Milt Ost 2015-02-28

Life for the Osters, immigrant Germans in Russia, started out well enough. But then persecution began and life turned sour. Their children flee to America and accept the government's offer of free homestead acres on the great prairies of the heartland. The free land, however, extracts a heavy price. As they wrestle their sod house out of the stubborn buffalo grasses, they discover that their new "palace on the prairies" is only three miles from the Native sons of the warriors who removed the golden tresses of George Armstrong Custer. It leaves their days uneasy, their nights uncertain. But events bring a twist that adds an entirely new dimension. At every turn, Nature confronts them with immense battles, from killing blizzards and raging fires, to biblical plagues of grasshoppers. From years of paralyzing drought

where nothing grows, to tumbleweeds and early death. Violent dust storms threaten to choke all of life around them. They deal with witchcraft and murder, and international conflicts that drastically change their lives. Through it all they come together in faith and turn their little spot of earth into the breadbasket of the world.

Deadcore - Randy Chandler 2010-09

DEADCORE: 4 HARDCORE ZOMBIE NOVELLAS

Join authors Randy Chandler, Ben Cheetham, Edward M. Erdelac, and David James Keaton as they unleash the carnage while breathing new life, and death, into the zombie genre.

FANGORIA MAGAZINE REVIEW "As the book's title indicates, DEADCORE achieves all extremes. Violent, perverse, depraved—and, as such, quite recommended." THE STORIES DEAD JUJU BY RANDY CHANDLER He's the mystery man on the news. Where he shows up, the shit goes down. The dead are rising, the immigration issue has reached the boiling point, the living are screwed, and unspeakable acts are being

performed upon all involved. In this tale of Zombies Gone Wild, yes the dead walk but just where the hell are they going and why? Dead Juju gives you the hardcore truth, if you're ghoulish enough to handle it. NIGHT OF THE JIKININKI BY EDWARD M. ERDELAC After a comet is observed in the western sky of feudal Japan, a murdered inmate rises from the dead and attacks his fellow prisoners. Three disparate men: a casteless bandit, a mad, child-eating monk, and a renowned but sadistic samurai band together to escape the walled and moat-surrounded prison as it fills with the walking and ravenous dead. ZEE BEE & BEE (A.K.A. PROPELLER HATS FOR THE DEAD) BY DAVID JAMES KEATON At a "Zombie Bed & Breakfast" tourist trap, guests pay for the thrill of a staged zombie assault during an apocalyptic scenario, acted out by sluggish hotel workers who are well-versed in the zombie genre. But soon the script doesn't go as planned, the guests become uncooperative, and the actors are taking their

roles very seriously these days. ZOMBIE SAFARI BY BEN CHEETHAM Survivors of a zombie apocalypse have carved out new existences on islands, only visiting the mainland to hunt zombies. But things start to go wrong. Zombies don't die as they should. Hunters go missing. A trip that's supposed to be fun turns into a struggle for survival as four men make a discovery that causes them to question not only what it means to be a zombie, but what it means to be human.

spiritual companions; practical tips for increasing individual and collective vibration frequency; the silent revolution of unconditional love; the importance of grounding for time-change people; the essential link between lateral thinking and spirituality; holistic science and positive technology; four possible consciousness orientation choices; the five-dimensional future of humanity on earth and the approaching golden age. I am here to help human beings to reach a state of expanded consciousness. With an expanded horizon, they will be able to see what is not working properly on this planet today for themselves. Then they can develop new solutions and perspectives in every area of life that will be successful in the long term. But human beings have free will. The decision is theirs alone. (Christina von Dreien) We are all equal in our innermost core. No one is more advanced than anyone else, no light is brighter than any other, and no task in life is more important than any other. We are all divine

beings who are experiencing being human, and not human beings who are becoming divine.

Great Tales from English History - Robert Lacey
2009-11-29

The greatest historians are vivid storytellers, Robert Lacey reminds us, and in *Great Tales from English History*, he proves his place among them, illuminating in unforgettable detail the characters and events that shaped a nation. In this volume, Lacey limns the most important period in England's past, highlighting the spread of the English language, the rejection of both a religion and a traditional view of kingly authority, and an unstoppable movement toward intellectual and political freedom from 1387 to 1689. Opening with Chaucer's *Canterbury Tales*

and culminating in William and Mary's "Glorious Revolution," Lacey revisits some of the truly classic stories of English history: the Battle of Agincourt, where Henry V's skilled archers defeated a French army three times as large; the tragic tale of the two young princes locked in the Tower of London (and almost certainly murdered) by their usurping uncle, Richard III; Henry VIII's schismatic divorce, not just from his wife but from the authority of the Catholic Church; "Bloody Mary" and the burning of religious dissidents; Sir Francis Drake's dramatic, if questionable, part in the defeat of the Spanish Armada; and the terrible and transformative Great Fire of London, to name but a few. Here Anglophiles will find their favorite English kings and queens, villains and victims, authors and architects - from Richard II to Anne Boleyn, the Virgin Queen to Oliver Cromwell, Samuel Pepys to Christopher Wren, and many more. Continuing the "eminently readable, highly enjoyable" (St. Louis Post-

Dispatch) history he began in volume I of Great Tales from English History, Robert Lacey has drawn on the most up-to-date research to present a taut and riveting narrative, breathing life into the most pivotal characters and exciting landmarks in England's history.

The Cottage (Secrets of the Shetlands Book #2) - Michael Phillips 2016-10-04

Michael Phillips Continues His Sweeping Shetland Islands Saga When Loni Ford is informed that she has inherited property in the Shetland Islands, she laughs. She wants nothing more than to sell it and be done with it. But when she arrives in the North Sea enclave, she

is stunned to find that "the Cottage" is not at all what she expected, nor is David Tulloch, the man most of the islanders believe to be the rightful heir. The locals could hardly be more surprised that the heir is a woman--and an American. Loni, in turn, finds the islanders quaint and a bit behind the times. Expecting David to be as provincial as the rest of his clan, she discovers that there is far more to the man than meets the eye. And there is something

about the peaceful atmosphere of the place--and the character of its most prominent citizen--that soon gets under her skin. Beneath the peaceful surface, however, change is threatening the island of Whales Reef. David's cousin Hardy Tulloch, whose claim to the inheritance now in Loni's hands was backed by oil investors, has not been deterred in his aim to control the island. But his co-conspirators have plans of their own, plans that put Loni's very life in danger.
