Updated to cover events between 1986 and 1992, including the destruction of the mosque at Ayodhya in December 1992, the book analyses the secessionist crisis in Punjab which led to Indira Gandhi's murder and examines larger themes of ethnic conflict and threats to Indian unity. **The History of the Book in South Asia** - Francesca Orsini 2016-12-05

The History of the Book in South Asia covers not only the various modern states that make up South Asia today but also a multitude of languages and scripts. For centuries it was manuscripts that dominated book production and circulation, and printing technology only began to make an impact in the late eighteenth century. Print flourished in the colonial period and in particular lithographic printing proved particularly popular in South Asia both because it was economical and because it enabled multi-script printing. There are now vibrant publishing cultures in the nation states of South Asia, and the essays in this volume cover the whole range from palm-leaf manuscripts to contemporary print culture.

Joginder Paul - Chandana Dutta 2021-12-28  
This book is a comprehensive volume on the life and works of Joginder Paul, a well-known Urdu fiction writer and thinker. It presents a selection from the writer's oeuvre - a few of his short stories, extracts from his long fiction, samples of his micro-fiction, personal reminiscences, and some of his incisive critical essays written in Urdu as well as in English that lay out his ideas on the role of the writer and the art of writing. The volume also contextualises his work within the Urdu literary tradition and beyond through some critical essays on him from across time and geography. It situates Paul as a notable fiction writer and an essayist who broke convention in his writing and crafted his own individual style. It shows how he was received in Urdu while also placing him as an important creative voice within a larger pan-Indian literary context. The book also focuses on Paul's efforts to effect a change in how fiction should be perceived, particularly by his readers who he considered the most important ally-participant in his effort to create stories. This volume will help to evolve a deeper understanding of the thematic

subtleties in his fiction, as well as the critical perspectives he offers in his non-fiction. Part of the Writer in Context series, this book will be indispensable to scholars and researchers in literature, history, sociology, language and creative writing, Partition studies, translation studies, Indian writings, Urdu literature, postcolonial studies, and South Asian Studies.

The Indo-Aryan Languages - Danesh Jain  
2007-07-26

The Indo-Aryan languages are spoken by at least 700 million people throughout India, Pakistan, Bangladesh, Nepal, Sri Lanka and the Maldives. They have a claim to great antiquity, with the earliest Vedic Sanskrit texts dating to the end of the second millennium B.C. With texts in Old Indo-Aryan, Middle Indo-Aryan and Modern Indo-Aryan, this language family supplies a historical documentation of language change over a longer period than any other subgroup of Indo-European. This volume is divided into two main sections dealing with general matters and individual languages. Each chapter on the individual language covers the phonology and grammar (morphology and syntax) of the language and its writing system, and gives the historical background and information concerning the geography of the language and the number of its speakers.

**Golden Crystal** - Ranjit Singh [Author]

**Legacies of the Homeland** - Paramjeet Singh  
2018-04-12

This book is not intended to provide a list of the 100 'best' books ever written and published by Punjabi authors. Given the sheer range of books written by Punjabi authors and the unpredictability of individual taste, any such definitive list is quite impossible. Secondly, the choice has been restricted to books that were written by them either in Punjabi, Hindi or Urdu but have been translated into English. Thus, personal choice restricted by availability has dictated this selection. The choice of books includes autobiographies, novels, short stories, poems, and plays. Research books, religious books, and books written originally in English have not been included. From the Introduction I am amazed at the scholarship, the passion and the love with which Paramjeet Singh has written this book. It will be a reference volume for all times. Nirupama Dutt Poet, Journalist & Translator Mr. Singh's effort is commendable as he is making available some of the rarest of gems of Punjabi literature to the non-Punjabi readers. I congratulate Mr. Singh on putting together this selection and hope that non-Punjabi readers of this book would find new horizons of cultural experience opening up before them. Of course, for Punjabi readers, it may be yet another opportunity to experience a sense of genuine pride in their rich legacy of language, literature and culture. . Prof. Rana Nayar

The Social Space of Language - Farina Mir  
2010-07-04

This rich cultural history set in Punjab examines a little-studied body of popular literature to illustrate both the durability of a vernacular literary tradition and the limits of colonial dominance in British India. Farina Mir asks how gisse, a vibrant genre of epics and romances, flourished in colonial Punjab despite British efforts to marginalize the Punjabi language. She explores topics including Punjabi linguistic practices, print and performance, and the symbolic content of gisse. She finds that although the British denied Punjabi language

and literature almost all forms of state patronage, the resilience of this popular genre came from its old but dynamic corpus of stories, their representations of place, and the moral sensibility that suffused them. Her multidisciplinary study reframes inquiry into cultural formations in late-colonial north India away from a focus on religious communal identities and nationalist politics and toward a widespread, ecumenical, and place-centered poetics of belonging in the region.

English Heart, Hindi Heartland - Rashmi Sadana  
2012-02-02

English Heart, Hindi Heartland examines Delhi's postcolonial literary world—its institutions, prizes, publishers, writers, and translators, and the cultural geographies of key neighborhoods—in light of colonial histories and the globalization of English. Rashmi Sadana places internationally recognized authors such as Salman Rushdie, Anita Desai, Vikram Seth, and Aravind Adiga in the context of debates within India about the politics of language and alongside other writers, including K. Satchidanandan, Shashi Deshpande, and Geetanjali Shree. Sadana undertakes an ethnographic study of literary culture that probes the connections between place, language, and text in order to show what language comes to stand for in people's lives. In so doing, she unmasks a social discourse rife

with questions of authenticity and cultural politics of inclusion and exclusion. English Heart, Hindi Heartland illustrates how the notion of what is considered to be culturally and linguistically authentic not only obscures larger questions relating to caste, religious, and gender identities, but that the authenticity discourse itself is continually in flux. In order to mediate and extract cultural capital from India's complex linguistic hierarchies, literary practitioners strategically deploy a fluid set of cultural and political distinctions that Sadana calls "literary nationality." Sadana argues that English, and the way it is positioned among the other Indian languages, does not represent a fixed pole, but rather serves to change political and literary alliances among classes and castes, often in surprising ways.

India's Revolutionary Inheritance - Chris Moffat

2019-01-10

What do anti-colonial histories mean for politics in contemporary India? How can we understand a political terrain that appears crowded with the dead, heroic figures from past struggles who call the living to account and demand action? What role do these 'afterlives' play in the inauguration of new politics and the fashioning of possible futures? In this engaging and innovative analysis of anti-colonial afterlives in modern South Asia, Chris Moffat crafts a framework that takes the dead seriously - not as passive entities, ceremonially invoked, but as active interlocutors and instigators in the present. Focusing on the iconic revolutionary martyr Bhagat Singh (1907-1931), Moffat establishes the problem of inheritance as central to the forms and futures of democracy in this postcolonial polity. Tracing Bhagat Singh's revenant presence in India today, he demonstrates how living communities are animated by a sense of obligation, duty or debt to the dead.
