Selected Speeches of His Imperial Majesty Haile Selassie I - Ras Tafari 2011-11-26

The most revealing way to begin to understand who or what Ras Tafari is, is to read and study the Selected Speeches of His Imperial Majesty Haile Selassie First. These speeches portray the breadth of the Emperor's vision. They detail the persistence, the determination and the unflagging drive with which he pursued the application of "modern Ethiopianism," His spirit, His child. Sadly, modern and past 20th history and historians have all failed to fully testify to the Truth that His Majesty represented as the 'Man of the Millennium.' The Emperor's idealism, coupled with his insistence on transforming his country, both on the domestic and international fronts, his courage in the face of adversity, his unchallenged perspicacity, his keen sense in evaluating world events, his unfailing respect for principles, and his abiding faith in humanity should make this volume a ready-reference on the history of modern Ethiopia. -the Imperial Ethiopian government, 1967.

African Athena Daniel Orrells 2011-10-27

The appearance of Martin Bernal's Black Athena: The Afro-Asian Roots of Classical Civilization in 1987 sparked intense debate and controversy in Africa, Europe, and North America. His detailed genealogy of the 'fabrication of Greece' and his claims for the influence of ancient African and Near Eastern cultures on the making of classical Greece, questioned many intellectuals' assumptions about the nature of ancient history. The transportation of enslaved African persons into Europe, the Americas, and the Caribbean, brought African and diasporic African people into contact in significant numbers with the Greek and Latin classics for the first time in modern history. In African Athena, the contributors explore the impact of the modern African diaspora from the sixteenth century onwards on Western notions of history and culture, examining the role Bernal's claim has played in European and American understandings of history, and in classical, European, American and Caribbean literary production. African Athena examines the history of intellectuals and literary writers who contested the white, dominant Euro-American constructions of the classical past and its influence on the present. Martin Bernal has written an Afterword to this collection.

Important Utterances of His Imperial Majesty Haile Selassie I - Haile Selassie I (Emperor of Ethiopia) 2000

Black Land - Nadia Nurhusein 2022-06-07

The first book to explore how African American writing and art engaged with visions of Ethiopia during the late nineteenth and early twentieth centuries. As the only African nation, with the exception of Liberia, to remain independent during the colonization of the continent, Ethiopia has long held significance for and captivated the imaginations of African Americans. In *Black Land*, Nadia Nurhusein delves into nineteenth- and twentieth-century African American artistic and journalistic depictions of Ethiopia, illuminating the increasing tensions and ironies behind cultural celebrations of an African country asserting itself as an imperial power. Nurhusein navigates texts by Walt Whitman, Paul Laurence Dunbar, Pauline Hopkins, Harry Dean, Langston Hughes, Claude McKay, George Schuyler, and others, alongside images and performances that show the intersection of African America with Ethiopia during historic political shifts. From a description of a notorious 1920 Star Order of Ethiopia flag-burning demonstration in Chicago to a discussion of the Ethiopian emperor Haile Selassie as *Time* magazine's Man of the Year for 1935, Nurhusein illuminates the growing complications that modern Ethiopia posed for American writers and activists. American media coverage of the African nation exposed a clear contrast between the Pan-African ideal and the modern reality of Ethiopia as an antidemocratic imperialist state: Did Ethiopia represent the black nation of the future, or one of an inert and static past? Revising current understandings of black transnationalism, *Black Land* presents a well-rounded exploration of an era when Ethiopia's presence in African American culture was at its height.

Accidental Gods Anna Della Subin 2021-12-07

NAMED A BEST BOOK OF THE YEAR BY ESQUIRE, THE IRISH TIMES AND THE TIMES LITERARY SUPPLEMENT A provocative history of men who were worshipped as gods that illuminates the connection between power and religion and the role of divinity in a secular age. Ever since 1492, when Christopher Columbus made landfall in the New World and was hailed as a heavenly being, the accidental god has haunted the modern age. From Haile Selassie, acclaimed as the Living God in Jamaica, to Britain's Prince Philip, who became the unlikely center of a new religion on a South Pacific island, men made divine—always men—have appeared on every continent. And because these deifications always emerge at moments of turbulence—civil wars, imperial conquest, revolutions—they have much to teach us. In a revelatory history spanning five centuries, a cast of surprising deities helps to shed light on the thorny

questions of how our modern concept of "religion" was invented; why religion and politics are perpetually entangled in our supposedly secular age; and how the power to call someone divine has been used and abused by both oppressors and the oppressed. From nationalist uprisings in India to Nigerian spirit possession cults, Anna Della Subin explores how deification has been a means of defiance for colonized peoples. Conversely, we see how Columbus, Cortés, and other white explorers amplified stories of their godhood to justify their dominion over native peoples, setting into motion the currents of racism and exclusion that have plagued the New World ever since they touched its shores. At once deeply learned and delightfully antic, *Accidental Gods* offers an unusual keyhole through which to observe the creation of our modern world. It is that rare thing: a lyrical, entertaining work of ideas, one that marks the debut of a remarkable literary career.

The Testimony of His Imperial Majesty, Emperor Haile Selassie I - Karl Phillipotts Naphtali 2020-01-18

I have by God's will, compiled and presented these selected utterances of His Imperial Majesty Emperor Haile Selassie I on matters pertaining to the Faith, with hope that light will be shed on certain controversial issues among brethren. It is my earnest prayer that the awareness of what the King says and advises on matters pertaining to religion will inspire and lead to the development and growth of a unified doctrine and faith for all Rastafarians. However, my hope is not only for the enlightenment of my brothers and sisters of Rastafari but that these speeches will also be especially Jews, Christians and Muslims. All students of the Scriptures, who claim the patriarch Abraham, cannot in good conscience ignore the counsel sovereign throne, the throne of David and Solomon. Haile Selassie I and the Royal Family of Ethiopia represent a direct genealogical link to the Bible story and the Davidic throne. The counsel and wisdom handed down to His Majesty by his forefathers, the Biblical Patriarchs, must be just as important to all other students of the Scriptures and history as it is to all Rastafarians. As the Scriptures keenly point out, the House of Judah has been preserved by God to be the rallying point of His people and a 'light' unto the Gentiles. (See Ezekiel 37 vs. 22-25 & Isaiah 42 v.6)

King of Kings - Asfa-Wossen Asserate 2015-09-15

Haile Selassie I, the last emperor of Ethiopia, was as brilliant as he was formidable. An early proponent of African unity and independence who claimed to be a descendant of King Solomon, he fought with the Allies against the Axis powers during World War II and was a messianic figure for the Jamaican Rastafarians. But the final years of his empire saw turmoil and revolution, and he was ultimately overthrown and assassinated in a communist coup. Written by Asfa-Wossen Asserate, Haile Selassie's grandnephew, this is the first major biography of this final "king of kings." Asserate, who spent his childhood and adolescence in Ethiopia before fleeing the revolution of 1974, knew Selassie personally and gained intimate insights into life at the imperial court. Introducing him as a reformer and an autocrat whose personal history—with all of its upheavals, promises, and horrors—reflects in many ways the history of the twentieth century itself, Asserate uses his own experiences and painstaking research in family and public archives to achieve a colorful and even-handed portrait of the emperor.

Jah Kingdom - Monique A. Bedasse 2017-08-11

From its beginnings in 1930s Jamaica, the Rastafarian movement has become a global presence. While the existing studies of the Rastafarian movement have primarily focused on its cultural expression through reggae music, art, and iconography, Monique A. Bedasse argues that repatriation to Africa represents the most important vehicle of Rastafari's international growth. Shifting the scholarship on repatriation from Ethiopia to Tanzania, Bedasse foregrounds Rastafari's enduring connection to black radical politics and establishes Tanzania as a critical site to explore gender, religion, race, citizenship, socialism, and nation. Beyond her engagement with how the Rastafarian idea of Africa translated into a lived reality, she demonstrates how Tanzanian state and nonstate actors not only validated the Rastafarian idea of diaspora but were also crucial to defining the parameters of Pan-Africanism. Based on previously undiscovered oral and written sources from Tanzania, Jamaica, England, the United States, and Trinidad, Bedasse uncovers a vast and varied transnational network—including Julius Nyerere, Michael Manley, and C. L. R James—revealing Rastafari's entrenchment in the making of Pan-Africanism in the postindependence period.

Prevail - Jeff Pearce 2017-07-04

It was the war that changed everything, and yet it's been mostly forgotten: in 1935, Italy invaded Ethiopia. It dominated newspaper headlines and newsreels. It inspired mass marches in Harlem, a play on Broadway, and independence movements in Africa. As the British Navy sailed into the Mediterranean for a white-knuckle showdown with Italian ships, riots broke out in major cities all over the United States. Italian planes dropped poison gas on Ethiopian troops, bombed Red Cross hospitals, and committed atrocities that were never deemed worthy of a war crimes tribunal. But unlike the many other depressing tales of Africa that crowd book shelves, this is a gripping thriller, a rousing tale of real-life heroism in which the Ethiopians come back from near destruction and win. Tunnelling through archive records, tracking down survivors still alive today, and uncovering never-before-seen photos, Jeff Pearce recreates a remarkable era and reveals astonishing new findings. He shows how the British Foreign Office abandoned the Ethiopians to their fate, while Franklin Roosevelt had an ambitious peace plan that could have changed the course of world history—had Chamberlain not blocked him with his policy on Ethiopia. And Pearce shows how modern propaganda techniques, the post-war African world, and modern peace movements all were influenced by this crucial conflict—a war in Africa that truly changed the world. Skyhorse Publishing, as well as our Arcade imprint, are proud to publish a broad range of books for readers interested in history—books about World War II, the Third Reich, Hitler and his henchmen, the JFK assassination, conspiracies, the American Civil War, the American Revolution, gladiators, Vikings, ancient Rome, medieval times, the

old West, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Africa and the Shaping of International Human Rights - Patrick M. Nault 2021-01-17

Speeches of the Emperor Haile Selassie - Haile Selassie 2018-01-12

Haile Selassie I (23 July 1892 - 27 August 1975), born Tafari Makonnen Woldemikael, was Ethiopia's regent from 1916 to 1930 and emperor from 1930 to 1974. He also served as Chairperson of the Organisation of African Unity from 25 May 1963 to 17 July 1964 and 5 November 1966 to 11 September 1967. He was a member of the Solomonic Dynasty. At the League of Nations in 1936, the emperor condemned the use of chemical weapons by Italy against his people during the Second Italo-Ethiopian War. His internationalist views led to Ethiopia becoming a charter member of the United Nations, and his political thought and experience in promoting multilateralism and collective security have proved seminal and enduring. His suppression of rebellions among the landed aristocracy (the mesafint), which consistently opposed his reforms, as well as what some critics perceived to be Ethiopia's failure to modernize rapidly enough, earned him criticism among some contemporaries and historians. During his rule the Harari people were ethnically cleansed from the Harari Region. His regime was also criticized by human rights groups, such as Human Rights Watch, as autocratic and illiberal. Haile Selassie was an Ethiopian Orthodox Christian throughout his life. The 1973 famine in Ethiopia led to Haile Selassie's eventual removal from the throne. He died on 27 August 1975 at the age of 83, following a coup d'état.

Dread Jesus - William David Spencer 2011-06-14

Dread Jesus explores the black, dreadlocked Jesus in the teachings of Rastafari. Is Rastafari simply a bizarre Christian cult, destined to fade if the Emperor Haile Selassie never reappears? Or could it become a vibrant Two-Thirds World reform movement, recalling Christianity to its original non-oppressing gospel for all people? Rigorously researched, William David Spencer's unique and compelling study - which includes exclusive interviews with major Rastafarian thinkers and close analysis of the lyrics of many reggae songs - will prove genuinely accessible to anyone who wishes to learn more about Rastafari and its significance for global Christianity.
