*Franny and Zooey* J. D. Salinger 2019-08-13  
"Perhaps the best book by the foremost stylist of his generation" (New York Times), J. D. Salinger's Franny and Zooey collects two works of fiction about the Glass family originally published in The New Yorker. "Everything everybody does is so--I don't know--not wrong, or even mean, or even stupid necessarily. But just so tiny and meaningless and--sad-making. And the worst part is, if you go bohemian or something crazy like that, you're conforming just as much only in a different way." A novel in two halves, Franny and Zooey brilliantly captures the emotional strains and traumas of entering adulthood. It is a gleaming example of the wit, precision, and poignancy that have made J. D. Salinger one of America's most beloved writers.  
*The Queerness of Childhood* Anna Fishzon 2022-08-22

This book represents a meeting of queer theorists and psychoanalysts around the figure of the child. Its intention is not only to interrogate the discursive work performed on, and by, the child in these fields, but also to provide a stage for examining how psychoanalysis and queer theory themselves interact, with the understanding that the meeting of these discourses is most generative around the queer time and sexualities of childhood. From the theoretical perspectives of queer theory, psychoanalysis, anthropology, and gender studies, the chapters explore cultural, aesthetic, and historical forms and phenomena that are aimed at, or are about, children, and that give expression to and make room for the queerness of childhood.

**Blending and the Study of Narrative** - Ralf Schneider 2012-10-30

The theory of Blending, or Conceptual Integration, proposed by Gilles Fauconnier and Marc Turner, is one of most promising cognitive theories of meaning production. It has been successfully applied to the analysis of poetic discourse and micro-textual elements, such as metaphor. Prose narrative has so far received significantly less attention. The present volume aims to remedy this situation. Following an introductory discussion of the connections between narrative and the processes of blending, the contributions demonstrate the range of applications of the theory to the study of narrative. They cover issues such as time and space, literary character and perspective, genre, story levels, and fictional minds; some chapters show how such phenomena as metalepsis, counterfactual narration, intermediality, extended metaphors, and suspense can be fruitfully studied from the vantage point of Conceptual Integration. Working within a theoretical framework situated at the intersection of narratology and the cognitive sciences, the book provides both fresh readings for individual literary and film narratives and new impulses for post-classical narratology.

[Here Is the Wetland](#) - Madeleine Dunphy  
2012-10-24

...Here is the water both shallow and still that soaks the soil of this murky, moist world: Here is the wetland. It is known as the wetland. Atop its

glittering surface and below in its shadowy depths, birds, bass, minks, and muskrats struggle to survive and flourish. Madeleine Dunphy's lyrical prose provides a clear understanding of how each living creature links to the other in a vital chain of life. Artist Wayne McLoughlin adds a stunning visual perspective with luminously detailed paintings that convey the fragile beauty and complexity of this fascinating and critically important ecological community.

**Dear Genius** - Leonard S. Marcus 2000-03-01  
She trusted her immense intuition and generous heart--and published the most. Ursula Nordstrom, director of Harper's Department of Books for Boys and Girls from 1940 to 1973, was arguably the single most creative force for innovation in children's book publishing in the United States during the twentieth century. Considered an editor of maverick temperament and taste, her unorthodox vision helped create such classics as *Goodnight Moon*, *Charlotte's Web*, *Where the Wild Things Are*, *Harold and the Purple Crayon*, and *The Giving Tree*. Leonard S. Marcus has culled an exceptional collection of letters from the HarperCollins archives. The letters included here are representative of the brilliant correspondence that was instrumental in the creation of some of the most beloved books in the world today. Full of wit and humor, they are immensely entertaining, thought-provoking, and moving in their revelation of the devotion and high-voltage intellect of an incomparably gifted editor, mentor, and publishing visionary. **Sam Zabel and the Magic Pen** - Dylan Horrocks 2015-01-18

Acclaimed cartoonist Dylan Horrocks returns with a long-awaited new graphic novel, the first since his perennial classic, 1998's *Hicksville*. Cartoonist Sam Zabel hasn't drawn a comic in years. Stuck in a nightmare of creative block and despair, Sam spends his days writing superhero stories for a large American comics publisher and staring at a blank piece of paper, unable to draw a single line. Then one day he finds a mysterious old comic book set on Mars and is suddenly thrown headlong into a wild, fantastic journey through centuries of comics, stories, and imaginary worlds. Accompanied by a young webcomic creator named Alice and an enigmatic schoolgirl with rocket boots and a bag full of comics, Sam goes in search of the Magic Pen, encountering sex-crazed aliens, medieval monks, pirates, pixies and — of course — cartoonists. Funny, erotic, and thoughtful, *Sam Zabel and the Magic Pen* explores the pleasures, dangers, and moral consequences of fantasy.

**Preschool Appropriate Practices** - Janice J. Beaty 1996

Research proves that the preschool child learns best through playful exploration of the environment. This book shows how the learning environment can facilitate teaching by providing a curriculum that addresses children's interests and needs as well as the teacher's task of choosing appropriate activities for children's development. It describes ten learning centers that allow children to choose and direct their own play, and how teachers can arrange the physical environment of a preschool classroom so they can observe and support children in these activities. This new edition continues its use of children's picture books in every chapter to introduce projects, and to integrate new activities based on the books themselves. There are 60 children's computer programs and applicable software also discussed, as well as other helpful tools designed to assist the preschool teaching staff.

*Salt Dreams*- Jimmy Katz 2005

Leaving the bustle of the music scene of New

York City where they now live and work, photographers Jimmy and Dena Katz headed out West to make a personal landscape project in and around the Salt Flats of northern Utah. Standing on the shore of the Great Salt Lake with a stark, almost surreal view stretching ahead, they came upon a trio of plastic pink flamingoes abandoned in the water. Inspired by the odd juxtaposition of the timeless and transient, they circled the lake seeking other such moments, and then pushed on to the Flats. Again and again they discovered human possessions and personal obsessions flung onto the salt surface against undulating mountains and boundless sky. They became intrigued by the inventors who, with their hand-built hotrods, racecars, and rockets, participate in the annual rituals and races on the Salt Flats--"making their own statement in the landscape. The photographs of people and object that the Katz's encountered are collected for the first time in **We Were Here** - Matt de la Peña 2010-09-14 Newbery Award-winning author Matt de la Peña's *We Were Here* is a "fast, funny, smart, and heartbreaking" novel [Booklist]. But Miguel didn't bet on meeting Rondell or Mong or on any of what happened after they broke out. He only thought about Mexico and getting to the border to where he could start over. Forget his mom. Forget his brother. Forget himself. Life usually doesn't work out how you think it will, though. And most of the time, running away is the quickest path right back to what you're running from. From the streets of Stockton to the beaches of Venice, all the way to the Mexican border, *We Were Here* follows a journey of self-discovery by a boy who is trying to forgive himself in an unforgiving world. The ABC of It - Leonard S. Marcus 2019

"Original artwork and materials explore children's literature and its impact in society and culture over time. A favorite childhood book can leave a lasting impression, but as adults we tend to shelve such memories. For fourteen months beginning in June 2013, more than half a million visitors to the New York Public Library viewed an exhibition about the role that children's books play in world culture and in our lives. After the exhibition closed, attendees clamored for a catalog of *The ABC of It* as well as for children's literature historian Leonard S. Marcus's insightful, wry commentary about the objects on display. Now with this book, a collaboration

between the University of Minnesota's Kerlan Collection of Children's Literature and Leonard Marcus, the nostalgia and vision of that exhibit can be experienced anywhere. The story of the origins of children's literature is a tale with memorable characters and deeds, from Hans Christian Andersen and Lewis Carroll to E. B. .

**Blueprint for a Book** - Jennie Nash 2021-09  
How to write a novel in the most efficient way by tackling the hardest part before you start to write, from top book coach Jennie Nash "This process makes me want to write, and it makes what I'm writing better. I read it before every draft. It's that good." -KJ Dell'Antonia, New York Times bestselling author of The Chicken Sisters  
Whether you're writing your first novel or your tenth, there is a temptation to pin it to the page before it disappears. It's such a brilliant idea and you can see the whole thing shimmering in your mind, just out of reach. Maybe you do some work on character development and plotting, but you're a racehorse at the gate, ready to run, ready to write. This book is an argument to stop and define the foundational elements of your story before you keep writing - which means understanding your motivation as a writer, considering your reader's expectations, and making sure your story has a solid structure that will hold up inside and out from beginning to end. This clarity is what gives a novel its power and a writer their confidence. Jennie Nash is the creator of the Book Coach Certification program at Author Accelerator and has taught hundreds

of book coaches and thousands of novelists how to use the Blueprint for a Book system-and the Inside Outline at the heart of it - to help them produce their best work in the most efficient way. "Jennie Nash turned me into a plotter and changed the way I think about approaching any new project. I'm an Inside Outside outline fan for life!" -Alison Hammer, author of You and Me and Us and Little Pieces of Me "If you are about to start writing or revising your novel - hold up! You need this book before putting fingers to keyboard. It's a step-by-step design-your-novel manual that encapsulates the most important aspect of great story-telling: how to reach deep into your writerly heart and into the heart of the story you want to bring to life." - Janet Fox, author of The Artifact Hunters "I will sing the praises of the Inside Outline forever. It's f\*cking genius." -Carla Naumburg, author of How to Stop Losing Your Sh\*t With Your Kids "The Inside Outline is making writing easier. I can focus more on the writing rather than discovering what the scene is about when I'm creating it. Why isn't every writer using it? Instead, people are plonking down good money to be told ten key steps in writing dialogue or setting a scene. I'm so grateful I'm no longer one of them." - Kate Kimball, first time novelist

The Color Purple - Alice Walker 2011-09-20  
Winner of the Pulitzer Prize and the National Book Award, this novel about a resilient and courageous woman has become a Broadway show and a cultural phenomenon. A PBS Great American Read Top 100 Pick Celie has grown up poor in rural Georgia, despised by the society around her and abused by her own family. She strives to protect her sister, Nettie, from a similar fate, and while Nettie escapes to a new life as a missionary in Africa, Celie is left behind without her best friend and confidante, married off to an older suitor, and sentenced to a life alone with a harsh and brutal husband. In an

attempt to transcend a life that often seems too much to bear, Celie begins writing letters directly to God. The letters, spanning twenty years, record a journey of self-discovery and empowerment guided by the light of a few strong women. She meets Shug Avery, her husband's mistress and a jazz singer with a zest for life, and her stepson's wife, Sophia, who challenges her to fight for independence. The Color Purple has sold more than five million copies, inspired an Academy Award-nominated film starring Oprah Winfrey and directed by Steven Spielberg, and been
