[Arabic Stories for Language Learners](#) - Hezi Brosh 2013-08-06

Arabic Stories for Language Learners—a language learning experience

for beginner to intermediate students of the Arabic language. The traditional stories of a country are invaluable at providing insight into understanding the culture, history and language of a people. A great way to learn Arabic, the sixty-six stories found in Arabic Stories for Language Learners present the vocabulary and grammar used every day in Arabic-speaking countries. Pulled from a wide variety of sources that have been edited and simplified for learning purposes, these stories are presented in parallel Arabic and English, facilitating language learning in the classroom and via self-study. Each story is followed by a series of questions in Arabic and English to test comprehension and encourage discussion. Arabic Stories for Language Learners brings Arab culture to life colorfully and immediately. Regardless of whether or not you have a working knowledge of Arabic, this book gives readers a tantalizing introduction to the wisdom and humor of these ancient desert-dwelling peoples. The downloadable in audio helps students of Arabic improve their pronunciation and inflection, and immerses non-students into the uniquely Arabic storytelling style.

**Harry Potter and the Walls of America** - J. K. Rowling 2017-01-01

Harry Potter and his friends went on a trip to the land of the free, home of the brave, AMERICA. But as they're enjoying their vacation there, the

Orange-man suddenly became the president. And he erected a huge wall around the entire border so that no one can come and go. Moreover as this is the land of the Muggles, the magic won't work here. Can Harry and his friends escape the wall and come back to his home? Will he be able to liberate the people there too, WITHOUT magic? And it seems they're not the only ones who're from the magic world, the Orange-man knows about them too. And in a hidden secret archive in the Capitol Hill, they found a parchment which says the founding fathers already knew about this Orange-man. But who's this mysterious Orange-man? Is he the new dark lord? Harry finds himself drawn deep inside a mystical world he never knew existed before.

The Historian - Elizabeth Kostova 2005-06-01

The record-breaking phenomenon from Elizabeth Kostova is a celebrated masterpiece that "refashioned the vampire myth into a compelling contemporary novel, a late-night page-turner" (San Francisco Chronicle). Breathtakingly suspenseful and beautifully written, *The Historian* is the

story of a young woman plunged into a labyrinth where the secrets of her family's past connect to an inconceivable evil: the dark fifteenth-century reign of Vlad the Impaler and a time-defying pact that may have kept his awful work alive through the ages. The search for the truth becomes an adventure of monumental proportions, taking us from monasteries and dusty libraries to the capitals of Eastern Europe—in a feat of storytelling so rich, so hypnotic, so exciting that it has enthralled readers around the world. "Part thriller, part history, part romance...Kostova has a keen sense of storytelling and she has a marvelous tale to tell." —Baltimore Sun

A Wrinkle in Time - Madeleine L'Engle 2019-07-18

*A Wrinkle in Time* is the winner of the 1963 Newbery Medal. It was a dark and stormy night—Meg Murry, her small brother Charles Wallace, and her mother had come down to the kitchen for a midnight snack when they were upset by the arrival of a most disturbing stranger. "Wild nights are my glory," the unearthly stranger told them. "I just got caught in a downdraft and blown off course. Let me sit down for a moment, and then I'll be on my way. Speaking of ways, by the way, there is such a thing as a tesseract." A tesseract (in case the reader doesn't know) is a wrinkle in time. To tell more would rob the reader of the enjoyment of Miss L'Engle's unusual book. *A Wrinkle in Time*, winner of the Newbery Medal in 1963, is the story of the adventures in space and time of Meg, Charles Wallace, and Calvin O'Keefe (athlete, student, and one of the most popular boys in high school). They are in search of Meg's father, a scientist who disappeared while engaged in secret work for the government on the tesseract problem.

**The Book of Five Rings (Annotated)** - Musashi Miyamoto 2021-05-03

The Book of Five Rings is a text on kenjutsu and the martial arts in general, written by the Japanese swordsman Miyamoto Musashi around 1643. Written over three centuries ago by a Samurai warrior, the book has been hailed as a limitless source of psychological insight for businessmen-or anyone who relies on strategy and tactics for outwitting the competition.

Little, Big - John Crowley 2012-05-22

John Crowley's masterful *Little, Big* is the epic story of Smoky Barnable, an anonymous young man who travels by foot from the City to a place called Edgewood—not found on any map—to marry Daily Alice Drinkwater, as was prophesied. It is the story of four generations of a singular family, living in a house that is many houses on the magical border of an otherworld. It is a story of fantastic love and heartrending loss; of impossible things and unshakable destinies; and of the great Tale that envelops us all. It is a wonder.

Harry Potter and the Prisoner of Azkaban - J.K. Rowling 2015-12-08

'Welcome to the Knight Bus, emergency transport for the stranded witch or wizard. Just stick out your wand hand, step on board and we can take you anywhere you want to go.' When the Knight Bus crashes through the darkness and screeches to a halt in front of him, it's the start of another far from ordinary year at Hogwarts for Harry Potter. Sirius Black, escaped mass-murderer and follower of Lord Voldemort, is on the run - and they say he is coming after Harry. In his first ever Divination class, Professor Trelawney sees an omen of death in Harry's tea leaves... But perhaps most terrifying of all are the Dementors patrolling the school grounds, with their soul-sucking kiss... Having become classics of our time, the *Harry Potter* eBooks never fail to bring comfort and escapism. With their message of hope, belonging and the enduring power of truth and love, the story of the Boy Who Lived continues to delight generations of new readers.

**The Righteous Mind** - Jonathan Haidt 2013-02-12

NEW YORK TIMES BESTSELLER • The acclaimed social psychologist challenges conventional thinking about morality, politics, and religion in a way that speaks to conservatives and liberals alike—a “landmark contribution to humanity’s understanding of itself” (The New York Times Book Review). Drawing on his twenty-five years of groundbreaking research on moral psychology, Jonathan Haidt shows how moral

judgments arise not from reason but from gut feelings. He shows why liberals, conservatives, and libertarians have such different intuitions about right and wrong, and he shows why each side is actually right about many of its central concerns. In this subtle yet accessible book, Haidt gives you the key to understanding the miracle of human cooperation, as well as the curse of our eternal divisions and conflicts. If you're ready to trade in anger for understanding, read *The Righteous Mind*.

*Defenses Against the Dark Arts* John S. Nelson 2021-01-11

As the publishing sensation of the last half-century, Harry Potter dominates early education in politics. Children, tweens, teens, and adults love it; and most students come to college knowing at least some of it. This dark fantasy analyzes politics in strikingly practical and institutional ways. Like ancient Sophists, modern Machiavellians, and postmodern Nietzscheans, the Potter books treat politics as dark arts and our defenses against them. The Potter saga overflows with drama, humor, and insight into ours as dark times of terrible troubles. These reach from racism, sexism, and specism to fascism, terrorism, autocracy, and worse. Harry and his friends respond with detailed, entertaining takes on many ideologies, movements, and styles of current politics. *Defenses Against the Dark Arts* argues that Potter performances of magic show us how and why to leap into political action. This includes the high politics of governments and elections, and especially the everyday politics of families, schools, businesses, media, and popular cultures. It explores Potter versions of idealism, realism, feminism, and environmentalism. It clarifies Potter accounts of bureaucracy, nationalism, and patronage. And it analyzes Potter resistance through existentialism and anarchism. The emphasis is on learning to face and defend against dark arts in dark times.

*The Year of Magical Thinking* - Joan Didion 2007-02-13

NEW YORK TIMES BESTSELLER • NATIONAL BOOK AWARD WINNER

• From one of America's iconic writers, a stunning book of electric honesty and passion that explores an intensely personal yet universal experience: a portrait of a marriage—and a life, in good times and

bad—that will speak to anyone who has ever loved a husband or wife or child. Several days before Christmas 2003, John Gregory Dunne and Joan Didion saw their only daughter, Quintana, fall ill with what seemed at first flu, then pneumonia, then complete septic shock. She was put into an induced coma and placed on life support. Days later—the night before New Year's Eve—the Dunes were just sitting down to dinner after visiting the hospital when John Gregory Dunne suffered a massive and fatal coronary. In a second, this close, symbiotic partnership of forty years was over. Four weeks later, their daughter pulled through. Two months after that, arriving at LAX, she collapsed and underwent six hours of brain surgery at UCLA Medical Center to relieve a massive hematoma. This powerful book is Didion's attempt to make sense of the "weeks and then months that cut loose any fixed idea I ever had about death, about illness ... about marriage and children and memory ... about the shallowness of sanity, about life itself.

*The Grey King* Susan Cooper 2007-05-08

*Translation in a Postcolonial Context* Maria Tymoczko 2016-04-08

This ground-breaking analysis of the cultural trajectory of England's first colony constitutes a major contribution to postcolonial studies, offering a template relevant to most cultures emerging from colonialism. At the same time, these Irish case studies become the means of interrogating contemporary theories of translation. Moving authoritatively between literary theory and linguistics, philosophy and cultural studies, anthropology and systems theory, the author provides a model for a much needed integrated approach to translation theory and practice. In

the process, the work of a number of important literary translators is scrutinized, including such eminent and disparate figures as Standish O'Grady, Augusta Gregory and Thomas Kinsella. The interdependence of the Irish translation movement and the work of the great 20th century writers of Ireland - including Yeats and Joyce - becomes clear, expressed for example in the symbiotic relationship that marks their approach to Irish formalism. Translation in a Postcolonial Context is essential reading for anyone interested in translation theory and practice, postcolonial studies, and Irish literature during the 19th and 20th centuries.

**Mission of Gravity** - Hal Clement 2014-12-11

Mesklin is a vast, inhospitable, disc-shaped planet, so cold that its oceans are liquid methane and its snows are frozen ammonia. It is a world spinning dizzily, a world where gravity can be a crushing 700 times greater than Earth's, a world too hostile for human explorers. But the planet holds secrets of inestimable value, and an unmanned probe that has crashed close to one of its poles must be recovered. Only the Mesklinites, the small creatures so bizarrely adapted to their harsh environment, can help. And so Barlennan, the resourceful and courageous captain of the Mesklinite ship Bree, sets out on an heroic and appalling journey into the terrible unknown. For him and his people, the prize to be gained is as great as that for mankind... Hal Clement's MISSION OF GRAVITY is universally regarded as one of the most important and best loved novels in the genre. The remarkable and sympathetic depiction of an alien species and the plausible and scientifically based realisation of the strange world they inhabit make it a major landmark in the history of hard SF.

**Mindstorms** - Seymour A. Papert 2020-10-06

In this revolutionary book, a renowned computer scientist explains the importance of teaching children the basics of computing and how it can prepare them to succeed in the ever-evolving tech world. Computers have completely changed the way we teach children. We have Mindstorms to thank for that. In this book, pioneering computer scientist Seymour Papert uses the invention of LOGO, the first child-friendly programming language, to make the case for the value of teaching

children with computers. Papert argues that children are more than capable of mastering computers, and that teaching computational processes like de-bugging in the classroom can change the way we learn everything else. He also shows that schools saturated with technology can actually improve socialization and interaction among students and between students and teachers. Technology changes every day, but the basic ways that computers can help us learn remain. For thousands of teachers and parents who have sought creative ways to help children learn with computers, Mindstorms is their bible.

**The Fourth Political Theory** - Alexander Dugin 2012

Modern political systems have been the products of liberal democracy, Marxism, or fascism. Dugin asserts a fourth ideology is needed to sift through the debris of the first three to look for elements that might be useful, but that remains innovative and unique in itself.

**Postphenomenology and Media** - Yoni Van Den Eede 2017-06-23

*Postphenomenology and Media: Essays on Human-Media-World Relations* sheds light on how new, digital media are shaping humans and their world. It does so by using the postphenomenological framework to comprehensively study "human-media relations," making use of conceptual instruments such as the transparency-opacity distinction, embodiment, multistability, variational analysis, and cultural

hermeneutics. This collection outlines central issues of media and mediation theory that can be explored postphenomenologically and showcases research at the cutting edge of philosophy of media and technology. The contributors together enlarge the range of thinking about human-media-world relations in contemporary society, reflecting the interdisciplinary range of this school of thought, and explore, sometimes self-reflexively and sometimes critically, the provocative landscape of postphenomenology and media.

*The Good Lord Bird* (TV Tie-in) James McBride 2020-07-28

Now a Showtime limited series starring Ethan Hawke and Daveed Diggs Winner of the National Book Award for Fiction From the bestselling author of *Deacon King Kong* (an Oprah Book Club pick) and *The Color of Water* comes the story of a young boy born a slave who joins John Brown's antislavery crusade—and who must pass as a girl to survive. Henry Shackleford is a young slave living in the Kansas Territory in 1856—a battleground between anti- and pro-slavery forces—when legendary abolitionist John Brown arrives. When an argument between Brown and Henry's master turns violent, Henry is forced to leave town—along with Brown, who believes Henry to be a girl and his good luck charm. Over the ensuing months, Henry, whom Brown nicknames Little Onion, conceals his true identity to stay alive. Eventually Brown sweeps him into the historic raid on Harpers Ferry in 1859—one of the great catalysts for the Civil War. An absorbing mixture of history and imagination, and told with McBride's meticulous eye for detail and character, *The Good Lord Bird* is both a rousing adventure and a moving exploration of identity and survival.

**In The Shoes of the Other** - Samia Mehrez 2019-12-10

In the Shoes of the Other Interdisciplinary Essays in Translation Studies from Cairo "This anthology continues a tradition that is intended to give impetus to the development of Egyptian and Arab discourses on translation both within and beyond the American University in Cairo. It is a welcome and important contribution to raising the profile of translation, in all its forms, and of translators in the region." Mona Baker, University of Manchester "Since its founding, the Center for Translation Studies has hosted an astonishing number of academic events that are among the most intellectually serious and internationally prominent of AUC's activities in the humanities; this has been noted by universities across the world. Indeed, the "In Translation" lecture series is, without any exaggeration, the most impressive public lecture series of its kind anywhere, and far beyond anything comparable in Africa or the Middle East." Adam Talib, Durham University "AUC's Center for Translation Studies has proved itself a vital interpreter of texts and events generated by Egypt's turbulent political history and fervent artistic culture. I know of no other group of scholars with equal competence in these matters and with an equivalent respect in the field." Anthony Cordingley, Université Paris VIII
