Training Birds of Prey - Jemima Parry-Jones 2012-10-01

An introductory guide to everything the serious falconer needs to know about training, handling, and flying raptors from the five family groups. Learn how to train birds of prey correctly and safely. Jemima Parry-Jones, owner and director of the International Centre for Birds of Prey, covers everything the serious falconer needs to know about the five family groups: eagles, hawks, falcons, buzzards and owls. You will learn about handling, training, and flying. This guide will also tell you what sort of bird to get, how to find out where to get one, what sort of housing and equipment you need, how to sort out a food supply and what to feed, and also how to find a good veterinarian.

Sparrowhawks - Ben Crane 2014-05-31

Flying imprint sparrowhawks is often unfairly portrayed as being overly complex and highly technical. Sparrowhawks - A Falconer's Guide aims to paint a far more informed picture, and to perhaps dispel some of the myths. Written with the beginner in mind, it is based on considerable first-hand experience of the author and a number of other respected falconers from the United Kingdom, Croatia, Ireland and Turkey who have specialized in flying sparrowhawks. By drawing comparisons with some of the most ancient trapping and training techniques of the East, and by making a connection with modern Western falconry practices, this remarkable book encapsulates the timeless beauty and joy of sparrowhawking, which crosses all cultures. Topics covered include: equipment, preparing to receive your sparrowhawk chick and imprinting; training, behaviour, quarry, entering, field craft and hawking in many different types of terrain; methodologies of captive breeding in the West; problems associated with the rehabilitation and release of wild sparrowhawks in the United Kingdom and finally, the vitally important subject of sparrowhawk health and welfare. Superbly illustrated with over 200 colour photographs.

A History and Guide to Falconry Or Hawking - Including a Popular History of Birds - Anon 2012-09

This wonderful guide to the basic structure of hunting birds and how to train and utilise them to the very fullest. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

A Falconry Manual - Frank Beebe 2017-09-15

Drawing on over fifty years of field experience and research, Frank Beebe presents a comprehensive summary of the behaviour, and characteristics of this magnificent bird.

The Kings and Their Hawks - Robin S. Oggins 2004-01-01

Perhaps the equivalent of polo-playing today, the sport of falconry was the preserve of the wealthy and royalty, regarded as both a suitable and enjoyable leisure activity, and as a source of status and prestige.

Falconry Basics Tony Hall 2017-07-11

In this fully revised edition of his classic guide to falconry for beginners, lifelong falconer Tony Hall presents the most comprehensive information available to newcomers to the sport. Falconry Basics is specifically designed for novices and covers the basics, from different types of birds and their individual characteristics, to acquiring the proper equipment and the care and handling of the birds themselves. Covering all aspects of training, hunting, and maintenance, Falconry Basics addresses every possible scenario a newcomer may face when training their first raptor, from illness and injury to escaped or overconfident hawks. Hall also provides a wealth of supplementary information for beginners, including notes on anatomy, terminology, and a list of additional resources.

Accompanied by diagrams and detailed line illustrations throughout, this book will become a standard manual for future generations of falconers.

Falconry. -

The Gyrfalcon - Eugene Potapov 2010-01-29

This book is the first monograph on one of the most beautiful and admired birds in the world. The Gyrfalcon is the world's largest and most powerful falcon - a truly awe-inspiring bird which inhabits the ferociously inhospitable Arctic taiga, from Greenland and Iceland right across Siberia and northern Canada. Its plumage varies from a dark mottled grey to pure white - the white birds in particular are coveted by birders and falconers. Like other titles in the series, it covers all aspects of the species' biology, taxonomy, distribution, status and historical associations with mankind. The result is an exhaustively researched and enthrallingly readable biography of a spectacular bird, illustrated throughout with photographs and line drawings. "a good read, presenting much previously inaccessible information, as well as some interesting insights into some of the most remote and inhospitable places on earth." British Birds

Understanding Owls - Jemima Parry-Jones 2001-06-29

A guide to caring for owls, covering topics such as: biology; taxonomy; housing; equipment; incubation; rearing; and training and flying owls.

Falconry Equipment - 2011-09-01

How to make and use falconry equipment. Chapters on Mews, Weathering Areas, Perches, Jesses, Leashes, Swivels, Hoods, Bells, Telemetry, Lures, Bags/Vests, and more.

The Hawk of the Castle - Danna Smith 2017

A young girl and her father, a medieval castle's falconer, spend the day taking their goshawk out for a training flight, introducing readers to the preparations and equipment used in the sport.

Falconry in Literature - David Horobin 2004

Through falconry imagery the author takes the reader through a wide range of many poets and dramatists of the Late Mediaeval and Renaissance areas. The symbolism and many references on this sport in literature gives the reader a good incite into falconry of the past and as it is practised in the present. The author has broken new ground and re-discovered references in literature known to an older generation of falconry enthusiasts. This book will be of practical use to students and aficionados of the English literature in clarifying some of the confusion that falconry can cause in Mediaeval and Renaissance texts. An interesting read of untold wealth of cultural and social history.

Sky Hunters - Hossein Amirsadeghi 2008

HUNTING OR SHOOTING ANIMALS & GAME. A superbly illustrated history of a magnificent sport, which unpicks myth from reality and highlights its many colourful characters. Traces falconry from its origin some 5000 years ago.

Squirrel Hawking in Appalachia Heather McNemar 2019-05-31

A falconer's account of a season spent squirrel hawking two red-tailed hawks in the foothills of Appalachia in central West Virginia. Includes over 60 full-color photographs.

Falcon Wild - Terry Lynn Johnson 2017-09-19

An action-packed, contemporary novel about surviving in the wilderness. Thirteen-year-old Karma is desperate to become a certified falconer. At her dad's bird education center, she helps give demonstrations to guests and can fly the birds. But when her favorite rescued falcon, Stark, hurts Karma, her parents insist that they return the bird to its previous owner in Canada. On the way to bring Stark back, a car accident in the middle of nowhere leaves Karma's dad trapped, and it's up to Karma to find a way to rescue him and her younger brother. When Karma loses her way trying to get help, she crosses paths with Cooper, a troubled teenaged boy. Lost for three days, the two figure out how to survive, and Karma teaches Stark to hunt like an actual bird of prey. Karma may be closer than she thinks to becoming a real falconer and having a real friend.

Kes - Barry Hines 2000

"This new stage adaptation of Barry Hines' well-known film and novel once again proves its gritty charm and popular staying power..." --Back

cover.

Ospreys in Falconry - Kaky McLendon 2020-08-28

Ospreys in Falconry: Lessons Learned is a book detailing one falconer's attempts at keeping ospreys healthy and flying them as successful falconry birds. After experience with several birds, the authors describe husbandry and falconry training techniques which are tailored specifically for ospreys--a bird with a reputation for being difficult to care for and impossible to succeed with as a falconer's hunting partner. Well, fishing partner.

Falconry - Stuart Rossell 2019-12

A book/dvd combination title designed to provide all the information needed by a beginning falconer when starting to train a new hawk. It is written by a falconer who has trained 100s of falconers in both the USA and UK and has trained virtually every type of hawk. The author also flies hawks and falcons for bird abatement at airports and other public areas.

American Kestrels in Modern Falconry - Matthew Mullenix 2002

"This extensive work represents a nuts-and-bolts approach to training and flying kestrels...A must-have for all apprentices and others who wish to know more about the intricacies of maintaining and flying a small raptor such as the American Kestrel." --Publisher's description.

The Red-Tailed Hawk - Liam J. McGranaghan 2001

The Harris's Hawk Revolution - Jennifer Outlaw Coulson 2012

"This falconry book is specifically designed to help falconers become better caretakers, trainers, and hunters; to help breeders increase production; and to make captive bred raptors better falconry birds and hunting hawks. The Coulsons teach about husbandry, rearing, training, socialization, scouting, hunting, selective breeding, and captive propagation techniques." --Publisher's description.

Enter the Realm of the Golden Eagle - David H. Ellis 2013

The Limited Edition is limited to 50 signed and numbered copies. Each is leather-bound and comes in a slipcase covered with bonded leather. The spine has five hubs (horizontal ridges beneath the leather to simulate the bundles of thread that, in medieval times, were used to sew signatures together). An eagle feather was hand-painted on the spine. An original watercolor painting of an eagle's head accompanies each copy (and is removable for framing). The pages are gilt-edged, and a medallion (of fine zinc plated with copper, then nickel, then gold) of an eagle in flight is embossed into the leather cover of the book. The medallion was sculpted by the noted artist, Mark Rossi, especially for the book. Because the painted feather and the painted eagle head (both by Dr. Ellis), are each unique, each copy is also unique.

Observations on Modern Falconry - Ronald Stevens 2010-04

The Boke of Saint Albans - Juliana Berners 1881

North American Falconry and Hunting Hawks - Frank Lyman Beebe 1989

Falconry Basics - Tony Hall 2019-06-14

Falconry is an ancient and noble art, still practiced today by falconers throughout the world. While, these days, falconry birds are mostly bred in captivity, they are still wild, independent animals and owning and training them requires the right commitment, knowledge and skills. Falconry Basics is designed to provide those new to falconry with the essential information they need, including the basics of types of birds and their individual characteristics; acquiring the proper equipment; how best to care for and maintain healthy birds, and all aspects of training, flying and hunting. Accompanied by diagrams and line drawings throughout, and with additional material, such as a glossary of falconry terms, this newly revised and updated edition offers a comprehensive, practical guide for a whole new generation of falconers.

Falconry and Hawking Phillip Glasier 1998-08-31

The 4,000-year-old sport of falconry, once the pastime of royalty and aristocracy, is still thriving with clubs throughout the UK and the US. Phillip Glasier's book is a classic text on the subject and considered the definitive guide for falconers. It covers all aspects of falconry from its history and development to training, housing, tools, equipment and skills. There are chapters on: Handling the new arrival • Condition • Manning and early training • Flying free and getting fit • Flying falcons out of the hood • Flying shortwings • Game Hawking • Moulting • Lost Hawks • Hack and Hacking back • Dogs for Hawking • Making hoods, belts, bags and gloves "Glasier" also gives complete details of all the birds most commonly used, and reveals their character and individual temperaments in his own case histories. With every technique explained

through step-by-step instructions and illustrated with over 170 photographs and diagrams, "Falconry and Hawking" is an essential reference for falconers throughout the world.

The Book of Falconry Or Hawking - George Turberville 2007-04

Falconry for Beginners Lee William Harris 1998

The Hunting Falcon - Bruce Haak 2017-11

For the first time under one cover, the author has assembled the results of the renewed interest, extensive experimentation, and technological progress that have advanced falconry over the past three decades. The Hunting Falcon is a fresh approach to the sport of falconry. For the first time under one cover, the author has assembled the results of the renewed interest, extensive experimentation, and technological progress that have advanced falconry over the past three decades. Falconer and wildlife biologist, Bruce Haak, details the techniques for training falcons in the classical, game hawking style. Through well-defined chapters, he establishes the fundamentals of care and handling of captive falcons and legal means of acquiring them. Successful strategies for hawking a wide variety of North American quarry are analyzed and laced with entertaining and informative anecdotes. Time-honored techniques for training wild falcons are restated in modern terms. In addition, the education of imprinted and captive-bred falcons, classes of falcons without historical precedence, is concisely outlined for the reader. In a break with tradition, the author uses North America's only indigenous falcon, the prairie falcon, as the primary subject and promotes it as an outstanding hunting partner. His training philosophy and comments on the use of radiotelemetry are added enrichment's to the text.

A Life with Birds - Ronald Stevens 1995

A Falconer's Chronicles.

Symon Latham's First Book of Falconry 1615 - Simon Latham 2017

Falconry and Game Hawking - Corona Brezina 2012-12-15

This book examines the resources required for using falconry in hunting wild game as well as how falconers must attend to a falcon's needs, how to hunt, and the sport's regulations and responsibilities.

The Art and Practice of Hawking B. Michell 2015-12-22

This vintage book contains a comprehensive guide to the art of hawking, with information on training, game-hawking, equipment, care and management, nutrition, handling, history, and much more. Based on the author's thirty years hawking experience, this timeless manual contains everything a beginner might need to know on the subject, and will also include information of value to those with more experience. Contents include: "History and Literature", "The Birds Used in Hawking", "Furniture and Fittings", "Eyeses and Hack Hawks", "Passage Hawks", "Training and Entering", "Rook-Hawking", "Game-Hawking", "Lark-Hawking", "Gulls, Heron, Kite, Duck", "The Goshawk", et cetera. Many vintage texts such as this, especially those dating back to the 1900s and before, are increasingly hard to come by and expensive, and it is with this in mind that we are republishing this book now in an affordable, modern, high quality edition. It comes complete with a specially commissioned new introduction on falconry.

Duck Hawking and the Art of Falconry Roy 2004

A Celebration and doctrine for duck hawking, in particular, and falcon management, in general. With 32 pages of color photos and illustrations.

H Is for Hawk - Helen Macdonald 2015-03-03

One of the New York Times Book Review's 10 Best Books of the Year One of Slate's 50 Best Nonfiction Books of the Last 25 Years ON MORE THAN 25 BEST BOOKS OF THE YEAR LISTS: including TIME (#1 Nonfiction Book), NPR, O, The Oprah Magazine (10 Favorite Books), Vogue (Top 10), Vanity Fair, Washington Post, Boston Globe, Chicago Tribune, Seattle Times, San Francisco Chronicle (Top 10), Miami Herald, St. Louis Post Dispatch, Minneapolis Star Tribune (Top 10), Library Journal (Top 10), Publishers Weekly, Kirkus Reviews, Slate, Shelf Awareness, Book Riot, Amazon (Top 20) The instant New York Times bestseller and award-winning sensation, Helen Macdonald's story of adopting and raising one of nature's most vicious predators has soared into the hearts of millions of readers worldwide. Fierce and feral, her goshawk Mabel's temperament mirrors Helen's own state of grief after her father's death, and together raptor and human "discover the pain and beauty of being alive" (People). H Is for Hawk is a genre-defying debut from one of our most unique and transcendent voices.
