Principles of Marketing - Gary M. Armstrong
2018
An introduction to marketing concepts,

strategies and practices with a balance of depth of coverage and ease of learning. Principles of Marketing keeps pace with a rapidly changing

field, focussing on the ways brands create and capture consumer value. Practical content and linkage are at the heart of this edition. Real local and international examples bring ideas to life and new feature 'linking the concepts' helps students test and consolidate understanding as they go. The latest edition enhances understanding with a unique learning design including revised, integrative concept maps at the start of each chapter, end-of-chapter features summarising ideas and themes, a mix of mini and major case studies to illuminate concepts, and critical thinking exercises for applying skills.

New Business Opportunities in the Growing E-Tourism Industry - Eto, Hajime 2015-07-07

Responding to the dual pressures of globalization and economic downturn, communities across the world formerly driven by agriculture and industry are increasingly turning toward tourism as an economic mainstay. In order for industry leaders to compete with the

efforts of competitors and savvy marketers, new business models must be defined which allow for the incorporation of e-tourism tools and expansion into the global marketplace. New Business Opportunities in the Growing E-Tourism Industry offers case studies and research that highlights the impact of globalization on travel and tourism and offers solutions to potential problems. Targeting an audience of researchers and business professionals, this volume brings together a diverse international body of scholars and researchers to provide a holistic perspective of future developments in the e-tourism industry. This volume compiles the research and perspectives of researchers and industry professionals, uniting a variety of topics including medical tourism, traffic-management, route-planning, virtual museums, digital spot-hunting via film-mosaic, and tourism for the elderly and disabled.

Social Commerce - Efraim Turban 2015-11-17

This is a multidisciplinary textbook on social commerce by leading authors of e-commerce and e-marketing textbooks, with contributions by several industry experts. It is effectively the first true textbook on this topic and can be used in one of the following ways: Textbook for a standalone elective course at the undergraduate or graduate levels (including MBA and executive MBA programs) Supplementary text in marketing, management or Information Systems disciplines Training courses in industry Support resources for researchers and practitioners in the fields of marketing, management and information management The book examines the latest trends in e-commerce, including social businesses, social networking, social collaboration, innovations and mobility. Individual chapters cover tools and platforms for social commerce; supporting theories and concepts; marketing communications; customer engagement and metrics; social shopping; social customer service and CRM contents; the social

enterprise; innovative applications; strategy and performance management; and implementing social commerce systems. Each chapter also includes a real-world example as an opening case; application cases and examples; exhibits; a chapter summary; review questions and end-of-chapter exercises. The book also includes a glossary and key terms, as well as supplementary materials that include PowerPoint lecture notes, an Instructor's Manual, a test bank and five online tutorials.

Kotler On Marketing - Philip Kotler
2012-12-11

Since 1969, Philip Kotler's marketing text books have been read as the marketing gospel, as he has provided incisive and valuable advice on how to create, win and dominate markets. In KOTLER ON MARKETING, he has combined the expertise of his bestselling textbooks and world renowned seminars into this practical all-in-one book, covering everything there is to know about marketing. In a clear, straightforward style,

Kotler covers every area of marketing from assessing what customers want and need in order to build brand equity, to creating loyal long-term customers. For business executives everywhere, KOTLER ON MARKETING will become the outstanding work in the field. The secret of Kotler's success is in the readability, clarity, logic and precision of his prose, which derives from his vigorous scientific training in economics, mathematics and the behavioural sciences. Each point and chapter is plotted sequentially to build, block by block, on the strategic foundation and tactical superstructure of the book.

According to Kotler - Philip Kotler 2005

According to Kotler distills the essence of marketing guru Philip Kotler's wisdom and years of experience into question and answer format. Based on the thousands of questions Kotler has been asked over the years by clients, students, business audiences, and journalists, the book reveals the revolutionary thinking of one of the

profession's most revered experts.

Marketing Wisdom- Kartikeya Kompella

2018-08-30

This book represents the work of some of the contemporary world leaders in marketing. The contributors are authors of a set of path-breaking books on marketing. To ensure sufficient depth of coverage, the contributors have taken the essence of their earlier books and combined it with their latest understanding and cases. This has served to enhance the content and put it in the readers' current context. It is common knowledge that keeping pace with the growing application of marketing requires a novel approach. With new ideas and nuances being discovered every day, it has become a real challenge for marketers and students of marketing to keep up to date on important contemporary marketing concepts. Given its unique approach and thoughtful curation, this book presents readers with diversity of perspectives along with a unique depth of

thinking.

Marketing Management - Philip Kotler 2012

This is the 14th edition of 'Marketing Management' which preserves the strengths of previous editions while introducing new material and structure to further enhance learning.

Research Companion to Language and Country Branding - Irene Theodoropoulou
2020-11-16

Research Companion to Language and Country Branding brings together entirely new interdisciplinary research conducted by scholars

working on various sociolinguistic, semiotic, anthropological and discursive analytical aspects of country branding all over the world. Branding is a process of identity construction, whereby countries gain visibility and put themselves on the world map as distinctive entities by drawing on their history, culture, economy, society, geography, and their people. Through branding, countries aim not only at establishing their uniqueness but also, and perhaps most importantly, at attracting tourism, investments, high quality human capital, as well as at forging financial, military, political and social alliances. Against this backdrop, this volume explores how countries and regions imagine and portray others and themselves in terms of gender, ethnicity, and diversity today as well as the past. In this respect, the book examines how branding differs from other, related policies and practices, such as nation building, banal nationalism, and populism. This volume is an essential reference for students, researchers, and practitioners with

an interest in country, nation, and place branding processes.

Marketing Management Asian Perspective - Philip Kotler 2016-04

Fundamentals of Marketing - Geraldine McKay 2018-03-06

Introduces the key terms, concepts and practices to provide a firm foundation for undergraduate students. It discusses contemporary technologies used in marketing alongside established practices to develop an understanding of the positive effects of marketing balanced with critical discussion about its contribution to the wider aims of society.

Marketing Insights from A to Z - Philip Kotler 2011-01-06

The most renowned figure in the world of marketing offers the new rules to the game for marketing professionals and business leaders alike In Marketing Insights from A to Z, Philip

Kotler, one of the undisputed fathers of modern marketing, redefines marketing's fundamental concepts from A to Z, highlighting how business has changed and how marketing must change with it. He predicts that over the next decade marketing techniques will require a complete overhaul. Furthermore, the future of marketing is in company-wide marketing initiatives, not in a reliance on a single marketing department. This concise, stimulating book relays fundamental ideas fast for busy executives and marketing professionals. Marketing Insights from A to Z presents the enlightened and well-informed musings of a true master of the art of marketing based on his distinguished forty-year career in the business. Other topics include branding, experiential advertising, customer relationship management, leadership, marketing ethics, positioning, recession marketing, technology, overall strategy, and much more. Philip Kotler (Chicago, IL) is the father of modern marketing and the S. C. Johnson and

Son Distinguished Professor of International Marketing at Northwestern University's Kellogg Graduate School of Management, one of the definitive marketing programs in the world. Kotler is the author of twenty books and a consultant to nonprofit organizations and leading corporations such as IBM, General Electric, Bank of America, and AT&T.

Handbook of Integrated CSR

Communication - Sandra Diehl 2016-12-29

This handbook pursues an integrated communication approach. Drawing on the various fields of organizational communication and their relevance for CSR, it addresses innovative topics such as big data, social media, and the convergence of communication channels, as well as the roles they play in a successfully integrated CSR communication program. Further aspects covered include the analysis of sector-specific, cross-cultural, and ethical challenges related to the effective communication of CSR. This handbook is unique

in its consistent focus on integrated communication. It is of interest not only for the scientific discourse, but will also benefit those corporations that not only seek to operate in a socially responsible manner, but also to communicate their efforts to their various stakeholders. Besides its significant value for researchers and professionals, the book can also be used as a reference for undergraduate and graduate students interested in successful CSR communication.

Contemporary Retail Marketing in Emerging Economies - David Eshun Yawson 2022-11-12

This book highlights the development of retail marketing in developing economies and presents this sector as a major area of growth and business opportunity. With a special focus on supermarket chains, the authors show that the advancement of technology and infrastructure means that there are now increased electronic capabilities for data collection, giving retailers more opportunities to pursue micro and macro-

marketing strategies. The authors explain the evolution of this new era of marketing and the associated impact on all stakeholders, especially consumers. Taking the example of Ghana, which is considered a leader among African nations in the use of loyalty cards, the authors are able to set a benchmark for other emerging countries, especially those that are experiencing similar trends. The book is a valuable resource for students, researchers and foreign companies wishing to expand their knowledge of the marketing strategies employed by emerging economies in Sub-Saharan Africa.

Moral Wisdom - James F. Keenan 2010

At a time when religion and spirituality have been divorced from one another and morality and ethics are viewed as being confining rather than liberating, Fr. James Keenan has developed a new edition to his beloved book *Moral Wisdom*. There are new discussions of social sin and Pope Benedict XVI's encyclical *Caritas in Veritate*, a clearer exploration of Jesus in the New

Testament, and new study questions at the end of each chapter. 'Moral wisdom,' as Fr. Keenan calls it, is the distinctive gift of the Catholic tradition, a gift that helps us discern what values to pursue and which virtues to embody on the path to becoming who we really are and who God calls us to be. Fr. Keenan uses a conversational style filled with stories and examples to open the treasure trove of resources in the Catholic tradition for developing moral wisdom. He lifts up the lessons on love, conscience, sin, and suffering, helping readers connect with the formative influences of the Catholic heritage and appreciate what gives meaning to our lives and what enhances our relationships with friends and family

International Student Mobility and Access to Higher Education Or Shkoler 2020-04-01

This book offers a comprehensive look into issues and trends driving international student mobility as the phenomenon becomes increasingly prevalent worldwide. Chapters first

present an expanded definition of student mobility in the context of internationalization and go on to discuss the underlying motivations, issues, and challenges students face in attaining successful outcomes. The authors employ marketing concepts to illustrate ideas and recommendations for better attracting and integrating international students into academic institutions abroad with the goal of greater satisfaction for students and improved profitability for the universities they attend.

Marketing Management, Student Value Edition - Philip Kotler 2015-05-28

Principles of Marketing - Philip Kotler 2019

Philip Kotler is S. C. Johnson & Son Distinguished Professor of International Marketing at the Kellogg Graduate School of Management, Northwestern University. Gary Armstrong is Crist W. Hongwei He is Professor of Marketing at Alliance Manchester Business School, University of Manchester, and as Associate Editor for Journal of Business Research

Human Resources Management: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources 2012-05-31

Human resources management is essential for any workplace environment and is deemed most effective when a strategic focus is in place to ensure that people can facilitate that achievement of organizational goals. But, effective human resource management also contains an element of risk management for an

organization which, as a minimum, ensures legislative compliance. **Human Resources Management: Concepts, Methodologies, Tools, and Applications** compiles the most sought after case studies, architectures, frameworks, methodologies, and research related to human resources management. Including over 100 chapters from professional, this three-volume collection presents an in-depth analysis on the fundamental aspects, tools and technologies, methods and design, applications, managerial impact, social/behavioral perspectives, critical issues, and emerging trends in the field, touching on effective and ineffective management practices when it comes to human resources. This multi-volume work is vital and highly accessible across the hybrid domain of business and management, essential for any library collection.

Economics: Concepts, Methodologies, Tools, and Applications - Management Association, Information Resources 2015-06-30

Organizations, governments, and corporations are all concerned with distributing their goods and services to those who need them most, consequently benefiting in the process. Only by carefully considering the interrelated nature of social systems can organizations achieve the success they strive for. **Economics: Concepts, Methodologies, Tools, and Applications** explores the interactions between market agents and their impact on global prosperity. Incorporating both theoretical background and advanced concepts in the discipline, this multi-volume reference is intended for policymakers, economists, business leaders, governmental and non-governmental organizations, and students of economic theory.

Marketing - GARY. KOTLER ARMSTRONG (PHILIP. OPRESNIK, MARC OLIVER.)
2019-09-19

For undergraduate principles of marketing courses. This ISBN is for the bound textbook, which students can rent through their bookstore.

An introduction to marketing using a practical and engaging approach Marketing: An Introduction shows students how customer value -- creating it and capturing it -- drives effective marketing strategies. The 14th Edition reflects the major trends and shifting forces that impact marketing in this digital age of customer value, engagement, and relationships, leaving students with a richer understanding of basic marketing concepts, strategies, and practices. Through updated company cases, Marketing at Work highlights, and revised end-of-chapter exercises, students are able to apply marketing concepts to real-world company scenarios. This title is also available digitally as a standalone Pearson eText, or via Pearson MyLab Marketing which includes the Pearson eText. These options give students affordable access to learning materials, so they come to class ready to succeed. Contact your Pearson rep for more information.

Air Transport and Tourism - M.R. Dileep
2021-09-30

Air Transport and Tourism: Interrelationship, Operations and Strategies is a comprehensive textbook covering all major aspects of air transport from operational and managerial perspectives, as well as exploring the intricate relationship that exists between the air transport and tourism industries. The book introduces and provides in-depth coverage of the complexities of the airline industry and the tourism industry and the ways in which they are connected and impact on each other, for example, the destination-airport-airline nexus, and the roles of air transport and airlines in tourism and vice versa. Emphasis is placed on current and future trends, the impact of COVID-19, sustainability and environmental challenges throughout. Comprehensive coverage of airline operations, strategic management and planning, airport operations and air transport information technology is also provided, offering a practical viewpoint on these vital aspects of the subject. This will be the ideal introductory textbook for

students of tourism and hospitality studying courses in aviation and air travel.

Design and Operation of Production Networks for Mass Personalization in the Era of Cloud Technology - Dimitris Mourtzis
2021-11-12

Design and Operation of Production Networks for Mass Personalization in the Era of Cloud Technology draws on the latest industry advances to provide everything needed for the effective implementation of this powerful tool. Shorter product lifecycles have increased pressure on manufacturers through the increasing variety and complexity of production, challenging their workforce to remain competitive and profitable. This has led to innovation in production network methodologies, which together with opportunities provided by new digital technologies has fed a rapid evolution of production engineering that has opened new solutions to the challenges of mass personalization and market uncertainty. In

addition to the latest developments in cloud technology, reference is made to key enabling technologies, including artificial intelligence, the digital twin, big data analytics, and the internet of things (IoT) to help users integrate the cloud approach with a fully digitalized production system. Presents diverse cases that show how cloud-based technologies can be used in different ways as part of the standard operation of global production networks Provides detailed reviews of new technologies like the digital twin, big data analytics, and blockchain to provide context on the role of cloud technologies in a fully digitalized system Explores future trends for cloud technology and production engineering Marketing Services and Resources in Information Organizations - Zhixian George Yi
2017-09-20

With the rapid development of information and communication technology and increasingly intense competition with other organizations, information organizations face a pressing need

to market their unique services and resources and reach their user bases in the digital age. *Marketing Services and Resources in Information Organizations* explores a variety of important and useful topics in information organisations based on the author's marketing courses and his empirical studies on Australian academic librarians' perceptions of marketing services and resources. This book provides an introduction to marketing, the marketing process, and marketing concepts, research, mix and branding, and much more. Readers will learn strategic marketing planning, implementation, and evaluation, effective techniques for promoting services and resources, and effective social media and Web 2.0 tools used to promote services and resources. *Marketing Services and Resources in Information Organizations* is survey-based, theoretical and practical. The advanced statistical techniques used in this book distinguish the findings from other survey

research products in the marketing field, and will be useful to practitioners when they consider their own marketing strategies. This book provides administrators, practitioners, instructors, and students at all levels with effective marketing techniques, approaches, and strategies as it looks at marketing from multiple perspectives. Dr. Zhixian (George) Yi is a Leadership Specialization Coordinator and Ph.D. supervisor in the School of Information Studies at Charles Sturt University, Australia. He received a doctorate in information and library sciences and a PhD minor in educational leadership from Texas Woman's University, and he was awarded his master's degree in information science from Southern Connecticut State University. In 2009, he was awarded the Eugene Garfield Doctoral Dissertation Fellowship from Beta Phi Mu, the International Library and Information Studies Honor Society. He was selected for inclusion into Who's Who in America in 2010. Examines effective marketing

techniques, approaches and strategies Studies marketing from multiple perspectives Empirical-based, theoretical, and practical Systematic and comprehensive

Confronting Capitalism Philip Kotler

2015-04-15

With one side of the political aisle proposing increasingly more socialistic and anti-capitalistic ideas, the other side has been quick to defend our country's great economic model, with good reason. Capitalism--spanning a spectrum from laissez faire to authoritarian--shapes the market economies of all the wealthiest and fastest-growing nations. But does that mean it is perfect as is, and that we would not all benefit from an honest evaluation and reconstruction of the free market system that has shaped our country's way of economic growth? The truth is, trouble is cracking capitalism's shiny veneer. In the US, Europe, and Japan, economic growth has slowed down. Wealth is concentrated in the hands of a few; natural resources are exploited for short-

term profit; and good jobs are hard to find. In *Confronting Capitalism*, business expert Philip Kotler explains 14 major problems undermining capitalism, including:

- Persistent and increasing poverty
- Automation's effects on job creation
- High debt burdens
- Steep environmental costs
- Boom-bust economic cycles
- And more

But this landmark book does not stop with merely revealing the problems. It also delivers a heartening message: We can turn things around! Movements toward shared prosperity and a higher purpose are reinvigorating companies large and small, while proposals abound on government policies that offer protections without stagnation. Kotler identifies the best ideas, linking private and public initiatives into a force for positive change, and offers suggestions for returning to a healthier, more sustainable capitalism that works for all.

Principles of Marketing, An Asian Perspective - Philip Kotler 2017-05-03

For Principles of Marketing courses that require

a comprehensive text. Help students learn how to create value through customer connections and engagement In a fast-changing, increasingly digital and social marketplace, it's more vital than ever for marketers to develop meaningful connections with their customers. Customer Relationship Management Strategies in the Digital Era - Nas?r, Süphan 2015-03-31

In today's global economy, social media and technological advances have changed the way businesses interact with their clientele. With new forms of communication and IT practices, companies seek innovative practices for

maintaining their consumer loyalty. Customer Relationship Management Strategies in the Digital Era blends the literature from the fields of marketing and information technology in an effort to examine the effect that technological advances have on the interaction between companies and their customers Through chapters and case studies, this publication discusses the importance of achieving competitive advantage through implementing relationship marketing practices and becoming consumer-centric. This publication is an essential reference source for researchers, professionals, managers, and upper level students interested in understanding customer loyalty in a technology-focused society.

Key Challenges and Opportunities in Web Entrepreneurship - Capatina, Alexandru
2017-03-31

The development of web technologies has enhanced the availability of online business opportunities for entrepreneurs. By

implementing these new technologies, business growth is ensured and the global economy is strengthened. Key Challenges and Opportunities in Web Entrepreneurship is a pivotal reference source for the latest research on bridging the gaps between theoretical and practical issues in the field of digital entrepreneurship. Featuring extensive coverage on relevant areas such as e-business, crowdfunding, and vertical social networks, this publication is an ideal resource for researchers, academics, practitioners, and students interested in recent trends on entrepreneurial endeavors in the digital age.

Socialize Your Patient Engagement Strategy -
Letizia Affinito 2016-03-03

Socialize Your Patient Engagement Strategy makes the case for a fundamentally new approach to healthcare communication; one that mobilizes patients, healthcare professionals and uses new media to enable gathering, sharing and communication of information to achieve patient-centricity and provide better value for

both organizations (in terms of profit) and patients (in terms of better service and improved health). Letizia Affinito and John Mack focus on three priority areas for actions: Improving Health Literacy (e.g. web sites; targeted mass digital campaigns), Improving Self-care (e.g. self-management education; self-monitoring; self-treatment), Improving Patient Safety (e.g. adherence to treatment regimens; equipping patients for safer selfcare). The authors explain the healthcare context to the digital communications revolution; the emerging digital marketing and communications techniques that enable this revolution and the core elements behind a patient-driven digital strategy. Drawing on the authors' research and consulting practices, as well as on the practical experience of managers in medium-large companies worldwide, the book provides a proven framework for improving the development and implementation of patient-centered digital communication programs in healthcare

organizations. It is an engaging how-to/how-not-to book which includes tips, advice, and critical reviews that every stakeholder dealing with the healthcare system must have in order to participate in the evolving healthcare system and be more active in making strategic patient-centered choices. Socialize Your Patient Engagement Strategy includes interviews with experts and leading case histories of successful digital communication programs in the healthcare arena. While there are books that focus on specific healthcare communicators within different types of organizations, in their book the authors recognize that effective patient-centric communication crosses all organizational boundaries

Handbook of Research on Innovation and Development of E-Commerce and E-Business in ASEAN - Almunawar, Mohammad Nabil 2020-08-28

Business-to-consumer (B2C) and consumer-to-consumer (C2C) e-commerce transactions,

including social commerce, are rapidly expanding, although e-commerce is still small when compared to traditional business transactions. As the familiarity of making purchases using smart devices continues to expand, many global and regional investors hope to target the ASEAN region to tap into the rising digital market in this region. The Handbook of Research on Innovation and Development of E-Commerce and E-Business in ASEAN is an essential reference source that discusses economics, marketing strategies, and mobile payment systems, as well as digital marketplaces, communication technologies, and social technologies utilized for business purposes. Featuring research on topics such as business culture, mobile technology, and consumer satisfaction, this book is ideally designed for policymakers, financial managers, business professionals, academicians, students, and researchers.

Computer-Mediated Marketing Strategies:

Social Media and Online Brand Communities
Bowen, Gordon 2014-10-31

For years, technology has been the impetus for progress in various processes, systems, and businesses; it shows no sign of ceasing further development. The application of technology-driven processes in promotionally-oriented environments has become more and more common in today's business world. Computer-Mediated Marketing Strategies: Social Media and Online Brand Communities brings together marketing approaches and the application of current technology, such as social networking arenas, to show how this interaction creates a successful competitive advantage. Focusing on qualitative research, various technological tools, and diverse Internet environments, this book is a necessary reference source for academics, management practitioners, students, and professionals interested in the application of technology in promotionally-oriented processes. *Handbook of Research on Innovations in*

Technology and Marketing for the Connected Consumer - Dadwal, Sumesh Singh 2019-11-15
Connected customers, using a wide range of devices such as smart phones, tablets, and laptops have ushered in a new era of consumerism. Now more than ever, this change has prodded marketing departments to work with their various IT departments and technologists to expand consumers' access to content. In order to remain competitive, marketers must integrate marketing campaigns across these different devices and become proficient in using technology. The Handbook of Research on Innovations in Technology and Marketing for the Connected Consumer is a pivotal reference source that develops new insights into applications of technology in marketing and explores effective ways to reach consumers through a wide range of devices. While highlighting topics such as cognitive computing, artificial intelligence, and virtual reality, this publication explores practices of

technology-empowered digital marketing as well as the methods of applying practices to less developed countries. This book is ideally designed for marketers, managers, advertisers, branding teams, application developers, IT specialists, academicians, researchers, and students.

Marketing Metrics - Paul W. Farris 2006-04-18
Few marketers recognize the extraordinary range of metrics now available for evaluating their strategies and tactics. In Marketing Metrics, four leading researchers and consultants systematically introduce today's most powerful marketing metrics. The authors show how to use a "dashboard" of metrics to view market dynamics from various perspectives, maximize accuracy, and "triangulate" to optimal solutions. Their comprehensive coverage includes measurements of promotional strategy, advertising, and distribution; customer perceptions; market share; competitors' power; margins and profits;

products and portfolios; customer profitability; sales forces and channels; pricing strategies; and more. You'll learn how and when to apply each metric, and understand tradeoffs and nuances that are critical to using them successfully. The authors also demonstrate how to use marketing metrics as leading indicators, identifying crucial new opportunities and challenges. For clarity and simplicity all calculations can be performed by hand, or with basic spreadsheet techniques. In coming years, few marketers will rise to senior executive levels without deep fluency in marketing metrics. This book is the fastest, easiest way to gain that fluency.

Marketing Management - Philip Kotler

2021-04-09

This print textbook is available for students to rent for their classes. The Pearson print rental program provides students with affordable access to learning materials, so they come to class ready to succeed. For undergraduate and

Higher Education Consumer Choice - J.

Hemsley-Brown 2015-11-12

Higher Education Consumer Choice provides a comprehensive and highly focused critical analysis of research on HE consumer choice behaviour in the UK and around the world. Ideal for students, scholars and marketing practitioners interested in consumer choice and behaviour in higher education markets, the book explores the background and context to research on HE choice including globalization, changing supply and demand, fees and costs, and concerns about social disadvantage. Focusing on personal factors that influence consumer choice, group aspects of consumer behaviour such as cultural and ethnic differences, as well as theoretical and research models, this book is designed to stimulate new debate and criticism of HE consumer choice.

Marketing 4.0 - Philip Kotler 2016-11-17

Marketing has changed forever—this is what comes next Marketing 4.0: Moving from

Traditional to Digital is the much-needed handbook for next-generation marketing. Written by the world's leading marketing authorities, this book helps you navigate the increasingly connected world and changing consumer landscape to reach more customers, more effectively. Today's customers have less time and attention to devote to your brand—and they are surrounded by alternatives every step of the way. You need to stand up, get their attention, and deliver the message they want to hear. This book examines the marketplace's shifting power dynamics, the paradoxes wrought by connectivity, and the increasing sub-culture splintering that will shape tomorrow's consumer; this foundation shows why Marketing 4.0 is becoming imperative for productivity, and this book shows you how to apply it to your brand today. Marketing 4.0 takes advantage of the shifting consumer mood to reach more customers and engage them more fully than ever before. Exploit the changes that are tripping up

traditional approaches, and make them an integral part of your methodology. This book gives you the world-class insight you need to make it happen. Discover the new rules of marketing Stand out and create WOW moments Build a loyal and vocal customer base Learn who will shape the future of customer choice Every few years brings a "new" marketing movement,

but experienced marketers know that this time its different; it's not just the rules that have changed, it's the customers themselves. Marketing 4.0 provides a solid framework based on a real-world vision of the consumer as they are today, and as they will be tomorrow. Marketing 4.0 gives you the edge you need to reach them more effectively than ever before.
